...ERN KANSAS GETS A SHARE OF MOISTURE

...July 29.—In the place ...reports, ruined crops ...t Kansas, now comes ...s rains, comfortable ...storation of confidence, ...ains during the present ...come to the eastern ...ts of the state, but to... ...from the west there ...has extended clear ...Colorado line. In Con... ...mon the first rain for ...fornia reports that it ...s there for the past 48 ...rs and that the situa... ...proved. During a thun... ...storm Carl Hammers, ...a farmer, was killed by lightning.

At Ellsworth a fine rain fell which will be of some benefit to late crops. A dispatch from Dodge City says that Ford county has been drenched today and that farmers are preparing to sow feed crops.

Emporia and Ottawa, in eastern Kansas, report heavy rains today.

There is hardly a point in the state that has not received some rain during the past week. Corn will not be greatly helped, but enormous quantities of rough feed will be raised and the outlook for stockmen is greatly improved. An abundance of water has been provided for stock, where there was great scarcity a week ago.

...VIOR OF CONSTITUTION AS VERY DISAPPOINTING

...July 29.—The Colum... ...ted the Constitution ...splendid race by two ...seconds and won the ...ted by John Jacob As... ...ras decisive and con... ...The Constitution con... ...as disappointing in the ...evening. Mr. Duncan ...his boat would not ...her races until her rig ...He declared that ...is not doing herself ...is not going well and ...use in racing her fur... ...per in proper shape. ...on will not participate ...yacht racing events of ...Saturday of this week.

...as a competitor of the Independence. The Columbia, however, has been entered for these races and will sail against the Boston boat. The Constitution will go to Brooklyn at once to have the alterations made. If this change in the plans of the Constitution does not prevent, the next races in which she will start will take place over the Newport course on August 12 and 14. The regatta will be under the auspices of the New York Yacht club. In one of these races, the cup offered by Sir Thomas Lipton will be sailed for. The regular trial races for the purpose of selecting the defender of the America's cup will be held here on August 31 and September 1 and 2. The wind today never exceeded 13 knots and although there was a long roll of the sea setting in from the southwest the water was by no means rough. In fact, Newport catboats took it quite kindly with a single reef in their mainsails. The course was a total distance of 38 nautical miles. The wind was north by east at the start and north northeast at the finish. It started with a force of about nine knots when the preparatory gun was fired and freshening gradually as the race progressed, it attained a strength of 13 or 14 knots an hour, when the Columbia was greeted as the winner.

It is not easy for the best friend of the Constitution to make plausible excuses for her most palpable defeat. She was beaten fairly and squarely on her merits. Running almost dead before the wind on the first leg of the course she at first opened quite a gap of clear water between herself and Columbia and it looked as though she would have a long lead in the run down the wind. So long as the wind continued light she had it all her own way, but when it freshened the Columbia slowly but surely overhauled her and when they got to the first mark was only a few lengths astern. As the two yachts rounded the Block Island mark the Constitution had the weather berth. She did not keep it long. Instead of a beat to windward the boat to the second mark resolved itself into a very long leg on the port track, with a couple of short hitches on the starboard stretch.

The Columbia covered this long leg three minutes and 19 seconds faster than the new boat. This settled the race, for the Constitution was unable to ever cut down this lead on the short run home, and so the yachts finished. The summary:

	Start.	Finish.
Constitution	11:07:38	2:16:51
Columbia	11:08:19	2:54:33
	Elapsed.	Corrected.
Constitution	3:49:13	3:49:13
Columbia	3:46:19	3:44:46

The Boston boat Independence started over the course about a mile ahead of the racers. She tackled them to leeward off the Block Island mark and did windward work similar to that of the racers, but at no time did she show any great speed.

SHARKEY ACCEPTS

Boston, July 29.—Today Tom Sharkey accepted an offer to meet James J. Jeffries before the San Francisco athletic club in September. The details of the match will be speedily ratified.

BASEBALL AT CAMERON

Special to the Gazette:

Cameron, July 29.—The first game of interurban baseball league was played on the local grounds yesterday afternoon between the Altman-Cameron teams and the Gillett team. The same resulted in a victory for Gillett by a score of 8 to 5.

The heaviest rainstorm of the season visited this section this afternoon. On the hills around the town the lightning struck several times, but as yet no damage has been reported.

SECRETARY LONG'S PLANS FOR VACATION

Washington, July 29.—Secretary Long will leave here Thursday for his annual vacation, the major portion of which will be spent at his home in Hingham, Mass. He will probably return to Washington during the early part of September prior to the date when the Schley court of inquiry will meet.

Assistant Secretary Hackett, who has been spending several weeks at his country home in Newcastle, N. H., will return to the city on Wednesday and will act as secretary. Mr. Hackett is expected to retire from the department early in September. His successor has not yet been selected.

Secretary Long would be gratified to have Governor Allon resume his duties as assistant secretary, which he relinquished when he went to Puerto Rico, and it seems probable that this may follow.

GEORGE H. YENOWINE.

Milwaukee, July 29. George H. Yenowine, one of the best known newspaper men in the west, died suddenly tonight, aged 45 years.

NORMONS IN GERMANY.

Berlin, July 29.—Francis M. Lyman, one of the Mormon apostles, preached yesterday before the Berlin Mormon congregation which now numbers over 400 members.

Kettner, a German Mormon missionary, reported that the movement was making progress in Germany and asserted that a few days ago a congregation numbering 88 had been organized in Stettin.

THE GAZETTE'S MAGNIFICENT QUARTO CENTENNIAL EDITION

A GREAT STATE NEWSPAPER

THE MOST ARTISTIC AND COMPLETE OF ANY EVER ISSUED IN COLORADO

The special Quarto-centennial edition of the Gazette which will be issued Thursday morning will be the most magnificent newspaper ever issued from a printing press in Colorado. The cover is a gem which every person will want to preserve. The illustrations are from the very latest and best photographs, and are made into half-tone work by the Williamson-Haffner Engraving company of Denver, and under the direction of the most skillful of their artists.

This edition is literally a state edition in the broadest sense of the word, as the views, articles and photographs cover the entire state. The edition will be the largest ever issued by the Gazette, and orders have already been received for 10,000 copies. Those who wish extra copies should notify the Gazette business office at once so provision can be made to supply their demands. Every person who sees the Gazette of that day will want to send from 20 to 100 copies to friends in various parts of this country and Europe, and no time should be lost in ordering the same, as the product will be controlled entirely by the number of orders registered in advance.

The Gazette has long had the reputation of issuing the most artistic special editions of its paper of any newspaper published west of New York, and the Quarto-centennial number of the Gazette will surpass any of its past efforts in that line.

REVISED PROGRAM FOR QUARTO-CENTENNIAL

Several new features have been added to the official program of the Quarto-centennial celebration, which was announced in these columns 10 days ago. Thousands of copies of the program have been printed for the executive committee and are now being sent throughout the state. The program is as follows:

THURSDAY, AUGUST 1 PIONEER DAY.

Elks Great Street Fair.

10 a. m. Meeting of Colorado Pioneers in the Antlers. Addresses by early settlers. Band concerts.

2:30 p. m. Women Congress meets in the Opera house. Prominent women of the state will talk of the development of Colorado during the past 25 years.

8 p. m. Addresses in the Opera house by former Governor Adams, Congressman Belford and others.

The Elks Street Fair, carnival of sports, band concerts, excursions and special exhibitions at the ostrich farm will begin on this date and grand street illuminations in the evening.

FRIDAY, AUGUST 2 STATE DAY.

Elks Great Street Fair.

7:25 a. m. Vice President Roosevelt will arrive. He will be welcomed by Governor Orman and staff, veterans, school children and citizens.

10 a. m. Roosevelt's Address in North park on "The Growth of the West During the Last Quarter of a Century."

3:00 p. m. Grand Historical Parade. The early epochs of Colorado history will be illustrated by 50 floats, grand flower parade, etc.

8 p. m. Reception by Congress of Women's Committee and speakers, at Antlers hotel.

9 p. m. Banquet to Editors at Antlers. Wolf Londoner of Denver will act as toastmaster. Speeches will be made by Colonel Roosevelt and other prominent men from all parts of the country.

8 to 10 p. m. Grand Street illumination.

SATURDAY, AUGUST 3 ROUGH RIDER AND INDIAN DAY.

Elks Great Street Fair.

10 a. m. Contests and Exhibitions of skill in front of grand stand by Roosevelt's Rough Riders and Indians. Cowboy soldiers will hold their annual reunion. Many Indians will be present. The Foil and Saber club will give an exhibition.

1:30 to 3 p. m. Public reception to Vice President Roosevelt in North Park. Band concert at the same time.

2:30 p. m. Shooting Contest at Broadmoor.

4:00 p. m. Polo Tournament at Country Club.

8:00 p. m. Grand Illumination and Pyrotechnics.

OTHER ATTRACTIONS

Every day there will be band concerts, morning, afternoon and evening. The Elks street fair will be open each afternoon and evening and a number of excursions have been arranged over the Short Line and other railroads. There will be professional baseball games every day and cricket, golf, tennis and polo tournaments. A state gun shoot will also be held. Ostriches will be plucked at the ostrich farm.

ROCK DRILLING CONTEST.

On every day of the Festival there will be single and double handed rock drilling contests for prizes aggregating $1,600.

MILLIONAIRES IN THE FIELD

Table of Averages Shows Good Record for Most of the Men.

DONAHUE IN THE LEAD

Lack of a First Baseman Makes the Position Behind the Bat the Leading One for the Team.

The fielding averages of the men of the Millionaires team have been corrected to date. These figures show only the work of the players since they have joined the local club. The few leading men are the only players who have been with the team throughout the entire season. The averages of the other men will in all probability rise as more games are played. Donahue, of course, has a big lead, as no man has been played regularly at first. The percentages of Gaston, Hemphill and Ream are a credit to the team, and show the steady game these men have been playing. Shay is well down in the list, but, as has been said before, his large number of errors is no discredit to him, for he tries to gather in every ball which comes anywhere near his part of the diamond, and takes every possible chance. He plays a star game at short stop, and few players who take the chances Shay does escape with a higher fielding average. The figures are as follows:

	P.O.	A.	E.	T.C.	Pct.
Donahue	339	54	17	410	.957
Gaston	60	25	6	101	.940
Hemphill	153	15	13	181	.928
Ream	72	50	11	144	.923
Holland	138	9	14	155	.910
Hernon	99	4	9	112	.910
Hulen	91	28	15	134	.888
Bandelin	12	3	3	24	.875
Tannehill	44	15	14	73	[illegible]
Shay	107	80	31	218	.857
McNeely	4	8	1	15	.800
Parvin	3	12	7	22	.681

WESTERN LEAGUE.

GAMES TODAY.

Omaha at Denver.
Minneapolis at Kansas City.
St. Paul at St. Joseph.
Des Moines at Colorado Springs.

AMERICAN LEAGUE.

NO GAME AT CLEVELAND.

Cleveland, O., July 29.—Cleveland-Philadelphia game postponed; rain.

CARRICK WAS EASY.

Milwaukee, July 29.—Milwaukee batted Carrick at will today and won easily. Reidy pitched a great game. Attendance, 875. Score:

Milwaukee	1 5 0 2 0 0 0 0 *—9 15 0
Washington	0 0 1 0 0 0 0 0 0—1 9 2

Reidy and Donahue; Carrick and Clarke.

MCFARLAND SAVED A SHUT-OUT.

Chicago, July 29.—McFarland's home run after two men were out in the ninth was all that saved the locals from a shut-out today. The visitors found Patterson readily, but Young pitched in great form. Attendance, 500. Score:

Chicago	0 0 0 0 0 0 0 0 1—1 5 2
Boston	0 0 0 1 1 0 0 2 0—4 11 1

Patterson, Hawley and Borden; Young and Criger.

HEAVY RAIN.

Detroit, July 29.—A heavy downpour just before the game put the grounds in a soggy condition for the first few innings. Nops was hit hard in two innings. Score:

Detroit	0 0 2 0 0 0 2 1 0—5 11 1
Baltimore	0 0 3 0 0 2 3 0 3—10 14 4

Cronin and Shaw; Nops and Bresnahan.

NATIONAL LEAGUE.

BOSTON WINS IN TENTH.

New York, July 29.—Boston beat New York in the tenth inning in the first game today on hits by Murphy and Lowe and Long's two-bagger. Hickman's error enabled Boston to tie the score in the eighth. Score:

New York	0 0 0 0 0 0 1 0 1—3 9 2
Boston	0 1 0 0 0 0 0 1 1—3 11 3

Matthewson and Warner; Nichols and Kittredge.

Earned runs—New York 2, Boston 1; bases on balls off Matthewson 2; struck out—by Matthewson 7, by Nichols 2; two-base hits—Selbach, Long 2, Hickman, Burlow. Umpire, Emslie.

The second game was stopped on account of rain while New York was at the bat in the second inning. Boston had scored three runs in their half of the inning on hits by Murphy, Pittinger and Hamilton and two consecutive errors by Burlow. Phyle pitched for New York.

WINNING STREAK BROKEN.

Philadelphia, July 29.—Brooklyn broke Philadelphia's winning streak today. Donahue was hit freely, but Hughes kept the home team's hits well scattered. Score:

Brooklyn	2 2 0 0 0 2 0 0 1—7 13 2
Philadelphia	2 0 0 0 2 0 1 0 0—5 10 4

Hughes, Donovan and Farrell; McGuire, Donohue and McFarland.

Earned runs—Philadelphia 4; two-base hits—McGuire, Thomas, Wolverton; three-base hit—Delehanty; home run—Delehanty; base on balls—off Hughes 5, off Donohue 1; struck out—by Hughes 3, by Donohue 1. Umpire, Dwyer.

CHESBRO PITCHES GREAT BALL.

St. Louis, July 29.—Pittsburg shut out St. Louis through the steady twirling of Chesbro. Powell was so easy that the visitors had no trouble in dividing the series. Score:

St. Louis	0 0 0 0 0 0 0 0 0—0 3 2
Pittsburg	2 0 0 0 1 1 1 2 *—8 11 1

Powell and Schriver; Chesbro and O'Connor. Umpires, O'Day and Brown.

Earned runs—Pittsburg 4; two-base hit—Wagner; three-base hit—Clarke; base on balls—off Powell 2; struck out—by Chesbro 5, by Powell 1.

CHICAGO BUNCHED HITS.

Cincinnati, July 29.—The tail-enders put up a stiff article of ball today. Chicago won by bunching a number of scratch hits in the sixth. Attendance, 800. Score:

Cincinnati	0 0 0 0 0 0 1 0 1—2 6 0
Chicago	0 0 0 0 3 0 0 0 *—3 12 2

Phillips and Bergen; Menefee and Kahoe. Umpire, Nash.

Earned runs—Cincinnati 2, Chicago 1; two-base hits—Magoon, Harley; struck out—by Phillips 5.

THE STRIKE

Outline of the Terms Which Will Probably Be Adopted by Conferees at Noon Today.

Pittsburg, Pa., July 29.—The following terms of settlement of the strike and the program for tomorrow come from an authoritative source and can be relied upon in all human probability, as the outcome of the meeting of the conferees:

The Amalgamated association is to drop contention for the signing of the scale for all mills.

All mills are to be "open" in the fullest sense of the term.

The company is to have the right to place a non-union man in any plant and keep him there. In addition to plants covered by the expired scale it is to be signed by the following:

The W. Dewees Wood of McKeesport; the Painter, Lindsay and McCutcheon and Clark mills, of Pittsburg, and the Monessen plants, of the American Steel Hoop Co.

The question of making the Wellsville Steel plant and the Monessen tin plate plant directly covered by the scale is to be settled by the conferees.

The Amalgamated association is to have the privilege of organizing the men in any of the plants.

The executive committee of the Amalgamated will meet at headquarters at 10 o'clock in the morning and is expected to ratify the provisional terms outlined by the New York conference.

An informal meeting of conferees is to be held at the same time.

The manufacturers conferees of the last meeting will be in readiness to meet the Amalgamated men, possibly at the amalgamated headquarters in the Isell block in the afternoon to sign the scales.

STRIKERS CLAIM TO MORE THAN HOLD THEIR OWN

Pittsburg, July 29.—The executive committee of the Amalgamated association will meet in the headquarters of the organization at 12 o'clock tomorrow or as soon thereafter as possible and take up the proposition of the United States Steel Corporation for a settlement of the steel workers strike.

This statement was made today by Secretary Williams of the Amalgamated association. Beyond this he declined to discuss the strike in any form.

There was no change in the position of the contending forces today. So further attempt was made to start the idle mills and there were no accessions to the ranks of the strikers. An early report that the American Tin Plate company was making an effort to start the Demmler plant with non-union men and that one set of rolls was being operated was afterward explained as being a rumor that started from the fact that the company had some men at work repairing the plant with the expectation that the strike would be settled shortly.

This was a busy day for President Shaffer and the officials of the Amalgamated association. There was a steady stream of callers from early morning and innumerable conferences bearing on the proposed settlement of the strike. President Shaffer was firm in his determination not to talk on the strike situation until after the meeting tomorrow.

Col. G. Watson French and J. F. Taylor of the Republic Iron & Steel company had a lengthy conference with President Shaffer but the object of their call was not made public. It was said, however, that it had no connection with the strike settlement but rather to the affairs of the Youngstown company. It was said the Republic company was in need of a number of skilled men and in search of them. After the visit of Colonel French, Joseph Bishop, secretary of the Ohio board of arbitration went into conference with President Shaffer. His visit was in connection with the strike and its probable settlement. What was said he would not divulge and it will not be.

One of the most apparent facts in the status of the strike today was the determination of the strikers to lose no ground in their struggle while peace negotiations are being conducted. The strikers claim to have more than held their own ground since the strike began and since the opening of the conference they claim to have increased the membership in McKeesport alone to over 1,500. Accessions to the ranks of the Amalgamated association have also been made in Wellsville, Pittsburg, Allegheny, Mingo Junction and Riverside, W. Va., where one of the National Tube company's mills is operated.

With the American Steel Hoop company the change has been one of the most sweeping. Before the strike practically all but two of the mills were non-union. At this time all but one of the mills of the company are idle and are idle from the strike.

The situation of the American Tin Plate company is well understood. All of the mills of that company are now under guard and have been for weeks. The strikers told of a report that under the agreement made at the time it was secured by the trust the management of the plant was to be left in the hands of the former officials for a period of five years. This is done in order to prove the value of the patent methods for producing the tin plate there. The plant is still non-union and the men who were discharged from the plant for joining union principles. Manager Donner claims that the plant is running full and has not been affected by the strike. The mill is kept at work.

Detectives Nip the Pouching Game Early

The police department did great work last night in rounding up a clever gang of pickpockets. An effort is being made to locate all the confidence men and the light-fingered gentry before the big celebration round arrives and it looks as though the detectives would be quite successful in their endeavors.

The police patrol wagon was kept on the jump all evening, as long as the crowds were moving about on the streets. Seven men were arrested on suspicion early in the evening, and among them were several of notorious reputation. The men were, C. A. Gilbert, Lou Gomp, Kid Mack, Harry Smith, C. A. Herman, W. E. Morris and Roy Deboar. The first two named are partners of the famous Patty Irish of Boston, and only recently have come to this state. The Denver police have had dealings with them already and they state that there are several more members of this gang in the west.

The local police force is being assisted by detectives from Denver and Pueblo who have a good knowledge of the tough elements in their respective cities.

Last night Detectives Connors and McNeill of Denver worked with the local detectives and gave a great deal of assistance. Still other will arrive today, and with their help it is probable that most of the crooks will be safely locked behind bars before the jubilee begins.

Detective Joel Atkinson did some clever work last night when the pickpockets followed the crowd. No arrests were reported to the police and it is believed the men were arrested in time. The police protection provided at the street fair was all that could be wished for, but so many officers were withdrawn from other localities that reports of housebreakings could not be surprising. Great care should be used in locking houses and leaving all valuables secure while the crowds are in the city. A number of special officers have been sworn in, however, and the police will do all they can to secure proper protection.

BOXER OUTBREAKS IN SHAN-TUNG

Shanghai, July 29. The North China Daily News announces that there has been a recrudescence of the outbreaks by the Boxers in the province of Shan-tung, in consequence of the success of the allied villagers in Chi-li province against the troops of Li Hung Chang.

The notorious Yung Lu (who was imperial treasurer and later generalissimo of the northern army), has been appointed to the lucrative post of controller general of the revenue board.

NAVAL MEN OFFICIALLY ORDERED TO SHUT UP

Washington, July 29.—Secretary Long this morning issued the following general order:

"All persons in the naval service are strictly enjoined to refrain from any public statement concerning the subject matter of the court of inquiry requested by Rear Admiral W. S. Schley.

"JOHN D. LONG,
"Secretary."

WHALEBACK SUNK.

Sault Ste Marie, Mich., July 29. The whaleback barge Sagamore, loaded with iron ore, was sunk in a collision with the Northern line freight steamer Northern Queen, near Point Iroquis, today, during a fog. Of the crew of eight men two were drowned and one is missing.

The dead:

CAPTAIN E. JOYNER, master of the Sagamore; lived at Henderson, New York.

IRA IVES, cook on the Sagamore; lived at Sacketts Harbor, New York.

The missing:

Burley Smith, seaman on Sagamore; lived at Woodville, N. Y.

CADILLAC AGAIN WON.

Chicago, July 29. The Cadillac won the seventh trial race today, beating the Illinois by one minutes and five seconds, over a 31-mile course. At the conclusion of the race the judges announced that they considered the results so far obtained indecisive and ordered three more races. This announcement was disagreeable to the Detroit contingent, who claimed that the Cadillac had made the best showing and was entitled to the honor of defending the cup. J. C. Shaw, owner of the Cadillac, left for his home tonight and it is not certain that he will sail any more races. He has not, however, announced that he will not do so.

...RISING CITIZENS ARE DECKING THEIR RESIDENCES AND PLACES OF BUSINESS IN COLOR IN HONOR OF THE CITY'S GUESTS

...and festoons flaunt on ...siness house in compli... ...the centennial, and in... ...Pikes Peak street fair. Tejon ...and parallel streets ...parade with decora... ...onal tri-color and the ...red and white, emblem... ...Ex-Post People

The Antlers hotel, the court house, First National bank and Elks club have a number of fine large flags decorating these buildings. The flag in front of the Elks club has quite an historical interest. This flag, a splendid expanse of red, white and blue, has caused many thrills of patriotic fervor even to those to whom its history is unknown.

On the night of the assassination of President Lincoln, this flag was first unfurled to the breeze, first gally, to commemorate the close of the war, and then drooping at half mast during those days of universal sorrow at the death of the great Lincoln. Since then the flag has had a varied history, for while it was never on the battlefield, it has marked many important events in the history of the country. The flag was presented to the local Elks lodge by a well-known St. Louis Elk.

Going down North Tejon street, the decorative displays that were particularly admired for their artistic arrangement were those of Giddings Bros., whose windows were a beautiful arrangement of purple and white streamers and flags. The Gas company's windows were very tastefully decorated in purple and white. Other pretty displays were those of Holbrook & Perkins, Weirs, the C. & S. and Midland offices, the Opera house, Lowe's bookstore, Jones & Wellington, Thomas Millinery Co., Briggs & Cotton, Masi's, Davis Carriage Co., W. N. Burgess, Hoopes Bros. Hardware Co., Roby Cigar Co., Maddocks, Evans Clothing Co., Merrillold's Art Co., Gutmann's Drug store and Fred Heyne. The Pike's Peak club was one of the most elaborately decorated along the entire street.

The office holders at the new city hall took up a collection yesterday morning and in the afternoon purchased $15 worth of bunting for decorating the building. The public grounds and buildings committee was asked to provide a pole and a flag, and the aldermen readily agreed. The city officers are very enthusiastic over the centennial celebration and they say they will do all they can to make it a success. It has not yet been decided whether the city offices will be closed at any time during the celebration, but the mayor has the matter under consideration.

The firemen of the central department were very busy yesterday decorating the city hall with the National colors. Their work was done in a very artistic fashion, and the decorations were admired by many citizens.

On South Tejon street, among the good window decorations are those of Pelta's Dry Goods Co., Smith's Drug store, Chicago Bakery, J. T. Clough, Herring's Shoe store, Draper's Drug store, Kaufmann's, Lowell-Mercer Hardware Co., Korsmeyer & Beeson, New York Bakery, Derns, Hefley-Arcularius Drug Co., Barnes & Bon, the Cash Bazaar, the Fair, Fehringer's and Robbins.

On Pike's Peak avenue the Antlers flags float high from every turret and from the new postoffice building and Stratton's Winter change are elaborately decorated with long streamers of starred, white and blue, hundreds of yards in length draped from the top to the base of the building. The Quartermaster is contributing a generous share in beautifying the town in the way of cotton & Fatting Goods, Ada Davis, Ed Ott, Baldwin-Burns Wholesale Co., Tucker & Ballard Bakery Co. will have quantities of [illegible] for [illegible]

CRIPPLE CREEK NEWS NOTES

An Important Meeting of Business Men and Others.

A TERRIFIC THUNDERSTORM

Streets Were Rivers and Basements Became Lakes. Damage May Be Quite Heavy.

Cripple Creek Bureau
Colorado Springs Gazette.

Cripple Creek, July 29.—The meeting tonight at the city hall called by Mayor Crane for the purpose of securing from the railroads a longer stop-over for excursionists to the district, was well attended by the business men and other citizens. Mayor Crane was chairman of the meeting and L. S. Parsons of the Cripple Creek Mining Stock exchange was secretary. Addresses were made by prominent business men objecting to the policy of the railroads in selling excursion tickets to the district which entitled the holders to a stopover of but a few hours in the district. A resolution was presented and passed, asking that a committee of five be appointed whose duty it shall be to wait upon the proper railroad officials and attempt to secure a five days excursion extension upon all excursion tickets, upon the excursionist presenting the ticket to the local agent of the road and asking for it. It was the sense of the meeting that the railroads have discriminated against Cripple Creek.

O. E. Barbour then offered a resolution relative to the boycott on the opera houses at Leadville, Aspen, Cripple Creek and Pueblo. This resolution asked that the citizens and press of the cities co-operate and notify Denver that if she did not take care of Peter McCourt so that those cities might have purchasers at their theater the coming winter that the people residing in the cities affected would boycott the festival of Mountain and Plain this fall. This resolution also passed, and a committee consisting of O. A. Barbour, Dr. W. L. Shockey, R. Koretz was named to secure the signatures of the press in the different cities. The committee on railroads excursions consists of F. J. Crane, chairman, L. L. Parson, A. E. Carlton, J. T. Stewart and Mayor Franklin of Victor.

One of the severest storms that has ever visited the district during the summer months occurred this afternoon and continued for over one hour. During that time a rainstorm that at times reached the proportions of a cloudburst fell in all parts of the camp. The thunder and lightning that accompanied this rain was terrific. In this city the rain swept down the side streets from Mineral hill and filled many basements along Bennett and Masonic avenues. Second, Third and Fourth streets were miniature rivers. Merchants suffered severely by the heavy rain and the total damage will amount to about $5,000.

Probably the heaviest loser is the Peoples Furniture company. Here the water entered through the back door and went out the front on to Bennet avenue. The damage alleged to have been done the furniture is $2,000. Schoenwont's paint shop on Bennett avenue suffered $200 loss, and many other small losses occurred along this street. The new baseball park in Cripple Creek gulch, just below the F. & C. C. depot was damaged to the extent of $160. All the water from Cripple Creek combined in this gulch and the flood tore out two stretches of fence and flooded the grounds. This damage can be repaired in a couple of days.

Tom Reynolds was knocked unconscious by lightning near Midway during the storm. Reynolds is employed at the Will House mine on Bull hill and was upon his way home when lightning struck him. He was unconscious for half an hour and was removed to a house at Victor where he is resting easily tonight.

The buildings at the entrance of the Columbine-Victor tunnel were set on fire by the terrific lightning. The lightning struck the trolley wire and ran through the tunnel and set fire to the woodwork of the building. The fire department of the Economic mill extinguished the fire before any serious damage resulted.

The attorneys for Mayor F. J. Crane today filed his answer in the district court to the alternative writ of mandamus brought by the Bi-Metallic bank, assignee of the claims of H. F. O'Byrne, J. J. Winters and H. Limeberger. The case will probably be tried this week in the district court. In his answer Mayor Crane states that Messrs. O'Byrne and Winters were intoxicated at the time they entered into contracts with the city which is contrary to the statute and that Mr. Limeberger was the duly appointed health officer of the city and was receiving a salary from the city for performing the duties for which he has presented a claim. The case has attracted considerable attention.

George Hancsworth, while riding a horse on Bennett avenue today, had an epileptic fit. He fell from his horse, striking on his head in the mud. Dr. Hellar attended him and he was removed to his home on North First street.

Clara Tucker and Bertha Taylor, two negresses who are charged with robbing and assaulting George Garrett, have been released on bond in the sum of $1,000 each. Their trial will be held on Wednesday, August 7.

NEWS NOTES FROM VICTOR

Victor Bureau
Colorado Springs Gazette.

Victor, July 29.—An inquest was held this afternoon over the remains of W. L. Montgomery, the miner who lost his life yesterday morning in the bottom of the Last Stake property on Battle mountain. The jury visited the scene of the accident and after hearing the testimony of the other men employed on the property, decided that no one was to blame for the accident. It came to light today that the deceased had a wife in Denver. Mrs. W. L. Montgomery arrived in the city this evening and is making arrangements for the burial of her husband.

The committee of the local lodge K. of P. having in charge the matter of receiving and entertaining the delegates to the grand lodge, K. of P., which meets in Victor August 13, 14 and 15, has arranged the following program: Tuesday, August 13, reception of delegates and street parade of all uniformed companies and local organizations. On the evening of this day there will be competitive work in the third degree. Wednesday, August 14, initiatory work of Knights of Khorassan and grand nightseeing with visits to the mines of the district. Thursday, August 15, drill of uniform rank companies, and in the evening a grand complimentary ball.

W. F. Kreutzer, for several years past water commissioner for the city of Victor, has tendered his resignation to the city council and the resignation is now in the hands of Mayor Franklin. The resignation goes into effect as soon as his successor is selected by the council and has qualified. The resignation is the result of much adverse criticism relative to the management of the water department, culminating in the second break of the Victor reservoir dam on Pike's Peak. Mr. Kreutzer is one of Victor's prominent Democrats.

The summer theater at the corner of Fourth street and Victor avenue will be formally opened tomorrow night under the direction of the Portland brass band. The opening program will be made up of a delightful concert by the Portland band of 24 pieces and specialty work by eight vaudeville artists.

Mrs. Ida M. Cochran, aged 24 years, died very suddenly last night from the effects of an overdose of morphine. As the woman was in very poor health and was addicted to the use of alcohol, it is not known whether the morphine was taken to commit suicide or to relieve pain. The funeral will take place tomorrow afternoon at 2 o'clock from the family residence on Portland avenue between Second and Third streets.

NEWS NOTES FROM PUEBLO

State Claims $30,000 Interest on Delinquent Taxes.

THE COMMISSIONERS SAY NO

Suit Will Be Brought by the State. Junk Dealers Fined and Appealed to County Court.

Pueblo Bureau
Colorado Springs Gazette.

Pueblo, July 29.—No attempt was made by any of the gambling houses to open today and the order of the mayor stands. For the first time since 1890 24 hours have gone by without public open gambling in Pueblo. Even the so-called trade machines in cigar stores were ordered stopped today. Link Gray, the man who caused Mayor West to issue his anti-gambling order by trying to open up the Oriental, appeared in police court this morning with two men who were arrested with him for trial, but he was told by the chief of police that the warrant against him had been withdrawn. Gray was anxious to have a trial but the police authorities declined to give it to him. Mayor West reiterates his statement that there will be no more gambling in Pueblo.

Governor L. B. Prince of New Mexico and wife are spending a few days in Pueblo before going to Colorado Springs to attend the Quarto-centennial. They will leave for the Springs about the first.

The board of county commissioners was today notified by the state of Colorado that it might expect a little bill for $30,000 for interest on delinquent state taxes which the state is trying to collect from each of the various counties. The bill will be immediately disallowed by the board and the state will inaugurate suit. It has already brought proceedings against three of the counties of the state, including Otero. The Pueblo commissioners take big ground that for years past they have cared for Pueblo's insane, old soldiers and school children. Who should be charged upon the state and that this more than offsets the state's claim for interest.

Mr. and Mrs. M. D. Thatcher gave a reception at the Minnequa club this evening in honor of Mrs. A. E. Reynolds of Denver, Miss Whitney of New York and Miss Nickerson of Mexico. It was a largely attended affair.

About 200 colored men from Tennessee arrived in Pueblo Saturday to go to work in the blast furnaces at the steel works. The C. F. & I is importing men in large numbers to keep up with the improvements.

Judge Dickson of the district court is engaged in preparing his decision on the revenue law case and it is expected that it will be handed down next Monday. The decision will probably be quite lengthy and will go into every point of the case in great detail.

An ordinance was introduced in the city council this evening amending the ordinance relating to peddlers, permitting them to do business wherever they please. An ordinance was introduced creating storm sewerage districts.

The C. F. & I. and the county of Pueblo will probably effect a compromise on the county road puzzle so that the Fuel company may be induced to build a viaduct across the disputed ground. The company recently constructed a lot of trackage across the county road leading to the stock yards presumably with the view of forcing the county to make an extension to Northern avenue, as is desired by the Stock Yards company. Traffic across the track is naturally not desired by the company and they will probably build a viaduct.

M. Edelstein and Erik Anderson, a junk dealer and a junk gatherer, were fined $300 and $200 in the police court this morning for violating two ordinances relative to their class of business. They at once appealed to the county court. The arrests were made to test the constitutionality of the new ordinance, which the dealers claim fixes licenses that are prohibitory.

Gillel Parker, a young colored man, failed to get out of the way of a Santa Fe train near the switch board this afternoon and was run over, his left leg being so badly crushed as to necessitate amputation. He was with a party of friends and it is said that he had been drinking.

GRAND JUNCTION'S PEACH DAY PROGRAM

Special to The Gazette.

Grand Junction, July 29.—The Peach Day committee has arranged a splendid program for the three days' celebration, which takes place on Wednesday, Thursday and Friday, August 28, 29 and 30. The outline of events which have fully been decided upon is a grand mask carnival, cowboy tournament and roping contest, firemen's tournament, to western slope teams, horse races, two balloon ascensions, 47 stage robbery scene, participated in by several hundred Indians and cowboys, a night attack of Indians upon a camp of pioneers in which 1,000 torches will illuminate, and 10,000 rounds of ammunition will be discharged; feeding of guests at state armory by 100 of the prettiest young ladies of the city, costumed in the Peach Day colors. The events of the three days to close with a grand mask ball on Friday evening. Sufficient funds have been raised for the biggest and best celebration in the history of Grand Junction's fall festal day.

The past week President Nagle of the Colorado Sugar Manufacturing company, together with other members of the company, have been riding over the country inspecting the beet crop now growing. To say that they were highly pleased would be putting it mildly. Mr. Nagle is also a director in the new million dollar factory, which is now being erected at Greeley, and he has been all over the state and Utah and he says at no point are the prospects for a goodly yield better than in the beet belt of Mesa county. The lateness of the crop being planted here has retarded the growth but little and the fields are in fine shape and the plants in splendid condition. The tonnage promises to be the best in the history of the county this fall. The factory will be started up some time in September and it is thought that a ninety days' run will be made.

Fruit shipments from the various points throughout the county continue to increase daily. Only the early varieties are now being handled, yet the showing of shipments is the heaviest for years. Grand Junction peaches can now be found in every city and mining camp in Colorado. The fruit is exceptionally fine this year and the crop is an agreeable surprise to the growers, as it is larger by far than was anticipated in the early part of the season.

POCAHONTAS COAL CO. IN RECEIVER'S HANDS

Special to the Gazette.

Glenwood Springs, July 29.—Today Judge Shumate of the district court appointed C. C. Parks cashier of the First National bank, receiver of the Pocahontas Coal Mining company, owners of the Pocahontas mine situated on Four Mile creek near Sunshine in this county. The assets of the company consist of 40 acres of coal land which had been opened by Mr. E. A. Horner of Leadville, at a cost of about $7,500 and by him operated until compelled to close because of lack of funds to further carry on the work. The liens against the company aggregate about $25,000 and today an action was brought in the district court to foreclose same and pending foreclosure a receiver was prayed for. As the most of the claims had been assigned to Mr. Parks upon consent of the company he was made receiver to its full capacity for the benefit of the creditors. The Pocahontas coal which is of excellent quality finds ready sale and it is thought that with careful management the present indebtedness can soon be cleared.

TRINIDAD

(Special Correspondence.)

Trinidad, July 28.—This morning about nine o'clock W. F. (Phil) McWilliams shot and killed Salvator Parise and badly wounded his son, who will probably die. McWilliams came into town and gave himself up to Sheriff Clark. He refuses to make any statement. McWilliams is a prosperous farmer, having a good ranch below Hoehne. Parise was a coke boss at Gray Creek and owned a ranch adjoining the McWilliams ranch. There has been trouble between them for over a year concerning their ditch rights. It could not be learned today whether there had been recent trouble or not. Neighbors say that McWilliams started for a coyote hunt this morning and that soon Parise and his son appeared and opened fire on him, killing his horse under him and that McWilliams then began shooting, with the above result. The coroner has taken charge of Parise's body and will hold an inquest tomorrow.

Word was received at the sheriff's office late this afternoon that a Mexican had been killed at Smith's Canon in a fight between Italians and Mexicans. No particulars were given. There has been trouble for some time between the two nationalities at their camp. Sheriff Clark and two deputies have gone out to investigate and make arrests.

All of the old portion of the Southern hotel has been torn down for the purpose of rebuilding.

Articles of incorporation of the H. B. Brown Hardware company have been recorded. The capital stock has been fixed at $16,000. The officers are H. B. Brown, president; H. K. Halloway, vice president and secretary; W. C. Chapman, treasurer.

The Retail Credit Men's association has also filed articles of incorporation. There is no capital stock, this being an association formed not for profit but for mutual benefit and protection. The association has compiled a book showing the experience of its members in dealing with over 3,600 persons in this county. Much good has been accomplished by this means and it is now almost impossible for a dead beat to get credit here.

George Forbes has sold his handsome residence on Maple street to H. C. Nichols. The purchase price is not made public.

C. H. Richter has sold his dwelling on University street to Mrs. S. Downing for $1,250.

Arrangements have been made with the band for Saturday night open air concerts during the remainder of the summer.

Fred Wardenburg, Jr., has resigned his position as electrical engineer at the Smuggler mine and will spend the rest of the summer with his parents in this city.

David Q. Moore died yesterday afternoon at the age of 62. He was a conspicuous character in the pioneer days of Southern Colorado and has resided here for the past 25 years. He was marshal of this city when the town was "wide open," and was under sheriff during the administration of Juan Virell. He conducted the only legal execution ever held in this county. Little is known of his history prior to his coming here. He served in the southern army during the early part of the civil war and later was a member of Quantrell's band. Many admirable traits of character were shown in his life. He was of kindly disposition and always ready to respond to the call of the distressed and needy. His loss will be mourned by many who have been the recipient of his beneficence. He was a Mason, which order will conduct the funeral tomorrow.

Charles Sundburg, an employe of the Union Coal and Coke company at Bowen, was killed Thursday morning while on his way to work in the mine. With five others he had taken passage on a train of cars that was being hauled up the long tramway. The train had reached the top of the incline and was ready to enter the mine when the cable slackened and Sundburg fell to the track and was run over. He died an hour afterwards. The men have orders not to ride up the tramway.

J. F. Hall has returned from a trip to California.

A. W. McHendrie is at home from a business trip to St. Louis.

Mrs. W. B. Morgan and son, John, have returned from their visit with relatives in Missouri.

Read the Warranted Want Ads in today's Gazette.

MODERN MISERS.

Men who Starve Themselves to Accumulate Money.

There is a certain fearful fascination about the stories of the misers of the past. The money they accumulated was of no more practical value to them than the trinkets stolen and secreted by some magpie or jackdaw. They hid it from the sight and use of men and in niches and secret cloaked over the useless wealth. To gather it they lived on crusts of offal, grudged clothes to cover them and fire to warm them. lived starved lives and in not a few cases died of starvation. That was the old-time miser. The modern miser resembles this man of the past in the particular that he frequently dies of starvation. In his eagerness to gather money he has shackled to the claims of health. He eats anything, anyhow, anywhen, and anywhere. He doesn't eat crusts by any means nor spare his purse to fill his stomach. The mistake he makes is in thinking that when a man has filled his stomach, that is the end of the business of feeding. Instead of being the end of feeding it's only the beginning. There is no value in food unless it is digested, converted into nutrition and assimilated. These processes depend upon the healthfulness of the stomach and the other organs of digestion and nutrition. When these organs are diseased, they cannot extract the nutrition from the food received into the stomach and the body becomes weak through lack of nourishment. One day this "weakness" begins to find a special development in some chief organ, heart, liver, lungs, kidneys, etc. At which the man succumbs. The doctor's certificate reads "heart disease," "kidney disease," as the case may be.

But the real reading of the certificate should be

STARVED TO DEATH

The truth of this statement is apparent. The body is sustained by food digested and assimilated. But the body is made up of parts and organs, and when the stomach is "weak," digestion imperfect, and the nutrition extracted from food inadequate to the needs of the body, the result is starved by every part and organ of the body. For this reason, no man is stronger than his stomach, and no organ sustained by the stomach can be stronger than the stomach. Therefore when we hear of "weak" stomach we are pretty sure we are going to hear in time of "weak" heart, "weak" lungs, "weak" kidneys, or weakness of some other organ of the body dependent on the stomach and its associated organs of digestion and nutrition.

Now these things being true when a man has heart "trouble," liver "trouble," kidney "trouble," etc., where is the first place to look for the cause of the disease? Why, where else can it be but the stomach? The most probable causes of these forms of "weakness" is deficient nutrition resulting from the "weak" condition of the stomach and other organs of digestion and nutrition. And if these diseases of heart, liver, lungs, kidneys, etc., begin in the stomach they must be cured through the stomach.

IT'S AN EVERY DAY AFFAIR

to receive letters reporting the cure of diseased kidneys, weak heart, torpid liver, or lung "trouble" through the use of Dr. Pierce's Golden Medical Discovery.

But one may say, "Golden Medical Discovery" is a medicine for the stomach and blood in particular."

Exactly so. And that is why it cures diseases remote from the stomach but which have their origin in disease of the stomach and other organs of digestion and nutrition.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and digestive and nutritive systems. The food taken into the body is then converted into nutrition, which is supplied to heart, lungs, kidneys, and other organs which are made strong by nutrition. Disease is thrown off. New strength comes to every tissue and fiber of the body.

"I suffered for four years with pain in my stomach so that at times I couldn't work nor eat," writes Mr. Frank Smith of Granite, Chaffee Co., Colo. "I wrote to you about my sickness and was told to use your medicine, which I did with good results. I only used four bottles of your 'Golden Medical Discovery' and must say that I am entirely cured, and feel like a new man, and I can highly recommend your medicine to any sufferer."

"I was troubled with malarial fever of about three years' standing and was under doctors' care for quite a time," writes Mr. J. F. Kidd, of Parmleyville, Wayne County, Ky. "They had almost given me up, and my suffering was very great. My pulse was weak, breath short and I had severe pains in back, head and legs. Had palpitation of heart, and from June 1st, 1895, to May 1st, 1898, I was not able to do a day's work. I purchased five bottles of Dr. Pierce's Golden Medical Discovery, and before I had finished taking the first two bottles I was very much better of my disease of three years' standing. I continued taking the medicine, and by the time the fifth bottle was gone I was a well man. I can cheerfully recommend Dr. Pierce's Golden Medical Discovery to any similar sufferer."

"In 1888, one of my daughters was suffering on account of a severe cough, night sweats, wasting of flesh and other symptoms of diseased lungs," writes Rev. Joseph H. Fennemore of Garden Springs, Iredell Co., N. C. "I promptly gave her Dr. R. V. Pierce's Golden Medical Discovery, with gratifying success, and she now enjoys excellent health. This experience caused me to recommend Dr. Pierce's medicines to my neighbors, who, without exception, used them with favorable results, I now being true, I hereby heartily indorse your medicines."

SIMPLY GRAND.

"Your book, the People's Common Sense Medical Adviser, is all that one could wish," writes Mrs. S. J. Simpson, of 151 South Fourth street, San Jose, California, "and more than could be expected in one volume. It is simply grand and should be in every home."

Dr. Pierce's Common Sense Medical Adviser, 1008 large pages, is sent free, on receipt of stamps, to pay expense of mailing only. Send 31 one-cent stamps for the book in cloth-binding, or 21 stamps for it in paper-covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

GLEN PARK

(Special Correspondence).

Glen Park, July 29.—This week is to be devoted to nature study and field walks. Prof. I. E. Cutler lectured this afternoon on "Things in Nature Worth Seeing." In the field walk afterwards he continued on the same subject.

Rev. J. G. Kennedy preached yesterday morning at the Auditorium. His subject was "The Mount of Curses and the Mount of Blessings."

The Chautauqua vespers last evening were led by Miss Ally Spencer. The subject was "The word of God—what it does mean and what it should mean."

Miss Mable Cory has gone to Denver to assist in the coming city teachers' examinations.

Miss Helen Malburn, formerly of Colorado Springs, but lately of Salt Lake City, is visiting Mrs. L. E. Williams.

Mr. John Cory of Denver, is taking his vacation in Glen Park. He came Sunday and intends to spend the rest of the summer here.

Miss Susie Gillett of Colorado Springs, is visiting Miss Harmony Woodworth. Misses Nellie Preston, Emma Andrews, Geogia Rice, Pearl Laughlin, Hettie M. Post, Ada Gates, L. E. Case of Denver, Misses Katherine Welsch, Elizabeth Wiseman, Carrie E. Harman of Cincinnati, Ohio; Misses Nettie Williams of Mt. Vernon, Ill.; Virginia M. Hoffman and Pearl McTier of Denver, are stopping at the Y. W. C. A. home.

Messrs. App and Sutherland of Denver, spent yesterday in the Glen.

Mr. Arthur Sobel is visiting Mr. Orlin Williams this week. He intends to spend the rest of the summer camping near Cascade.

Mrs. W. L. Graham and Mrs. Campbell of Pueblo, Mr. and Mrs. Niel of Denver, and Rev. and Mrs. Duggett of Broken Bow, Neb., spent Thursday afternoon at Oakhurst with Dr. and Mrs. Boyle.

A party was given this afternoon in honor of Master Charlie Coltman at the "Trail" cottage. Carl Kistler, George Graham, Ford Dobbs and David Dudley were the guests.

A MOONLIGHT JAUNT VIA THE SHORT LINE, TUESDAY, JULY 30.

An innovation in the way of pleasure trips will be inaugurated by the Short Line management on Tuesday evening, July 30, when a special train composed of four of the handsomest coaches and monster locomotive with powerful electric headlight, will leave D. & R. G. station, Colorado Springs at 7:30 p. m. for a trip to the summit and return, by moonlight. The party will be limited to 225 people, the seating capacity of the train, and under no circumstances will more than 225 tickets be sold. No passes nor free transportation of any kind will be honored on the train. Tickets for the trip, including souvenir coupon to be retained by purchaser, will be sold at rate of $1.00 for the round trip, and will be on sale only at ticket office park, commencing at 5:00 p. m. that day. The party will arrive at the Springs, returning, about 10:30 p. m.

The view of the canons by moonlight, as the train circles around the top of the same, is indescribably grand, while the brilliant illumination of Colorado Springs, including Elks' fair and Midway from the summit of the train, will be dazzling in its splendor.

THEY ARE PERSONALLY CONDUCTED.

The California Tours, twice a week, via the Colorado Midland railway, leaving Denver 8:30 a. m., each Wednesday and Thursday, and under the personal supervision of experienced excursion managers who accompany each party through to Los Angeles, in the splendid Pullman tourist sleepers which are used for these tours. Special attention is given to ladies and children traveling alone; places of interest on route pointed out; descriptive pamphlets furnished, everything done for the comfort and enjoyment of passengers. The best of Colorado scenery is passed by daylight. The cost of double lower berth in tourist sleeper through from Denver to Los Angeles or San Francisco is but $4.50.

CRIPPLE CREEK EXCURSION VIA Colorado Midland Ry. TUESDAY, JULY 30. $2.50 ROUND TRIP, $2.50.

Visit the great Gold, Camp and go via the Colorado Midland to see Colorado's best scenery. Tickets good on trains leaving 2:30 a. m. and 11:05 a. m. returning day of July 30.

Reorganized Clothing S

EVERY GARMENT IN THE HOUSE REDUCED

We have sold a lot of suits at full price and made money by it. We shall lose some money on these. But we shall clear out stock, make new friends, bind the old ones closer to us, and keep our store busy and happy. We're not sorry. Are you? Don't come Wednesday if you'd rather come Wednesday. There's enough to go round. First choice is better, but second choice is good enough, and we'll make it a hundredfold. Remember who is saying this to you, what we're prepared for and what we've always done.

Pan American Exposition

Buffalo, N. Y., May 1 to Nov. 1.

In its court settings, architectural, fountain and electrical effects, floral adornment, horticultural and floral embellishment, and color decoration the exposition will surpass all others.

To enjoy its charms, with the added attraction of Niagara Falls, is a most delightful privilege.

As the only double-track railway from the West to Buffalo (a greater safety and dispatch in traveling) and by reason of its further the most complete and frequent service of any line, the Lake Shore & Michigan Southern with its eight through trains daily, including the only day train, will prove the most desirable route for exposition travel.

In making it your choice you will travel well. It takes you through the richest and fairest portion of the Middle States, including the beautiful Western Reserve country with nearly 300 miles of ride along the picturesque shore of Lake Erie.

All tickets over this route afford use of steamer either way between Cleveland and Buffalo, also stop at Chautauqua on return trip within limit.

"Book of Trains" containing full information about Lake Shore, sent free on application to F. M. BYRON, G. W. A., Chicago.

The Lake Shore and Michigan Southern Railway.

We are the People

to do the photographing of your floats, traps and decorations during Quarto-Centennial week. Leave your orders with us and they will be promptly and properly attended to.

THE NEWS OF MANITOU AND COLORADO CITY

GAZETTE'S BRANCH OFFICE:
M. K. Rankin's Coal office, 513 Colorado Avenue.

BRIGGS-THAYER

A wedding took place at the bride's parents, Mr. and Mrs. [illegible] in Bear Creek canon, Sunday evening, at 8 o'clock. The contracting parties were Ed [illegible] Briggs of Cripple Creek and Bessie G. Thayer of Colorado City. Both are well known here. Mr. Briggs was one of the officers on the new Short Line. Miss Thayer has a host of friends. The house was tastefully decorated with clouds of mousseline de sole. Rev. [illegible] Hazlett was the officiating clergyman. Mr. Briggs took the evening train for Cripple Creek, where they will reside.

CITY ITEMS

CHARITY—Miss Mary Lyons, [illegible] will go to the radius of [illegible] church last evening.

COURT—For the first time in [illegible] weeks, yesterday morning there was business at the police court. Three drunks were up for trial. Each was given a fine of $10 and costs, but not having the price they were all committed.

REPUBLICAN CLUB—The newly formed Republican club meets this evening. Mr. Irwin, the president, says that the club now has a membership of over 100 and everything now looks [illegible].

TWO ORATORS—The Right Rev. John N. Waden has been secured to deliver the address at the dedication of the new Methodist church August 18. He will be assisted by Dr. Buchtel of the University of Denver.

PERSONAL MENTION

George Musser is gradually improving from his attack of typhoid fever.

Mr. Daniels, the well known jeweler of Colorado Springs, is much improved in health, at his home in this city.

MANITOU

GAZETTE'S BRANCH OFFICE :-: CHAS. A. GRANT'S STORE

PLAN FOR BIG PARADE

[illegible] gave up all idea of having the historical parade. Mr. [illegible], Jr., of the committee [illegible] raise funds for the float, [illegible] representative of the [illegible] Dagget, the other [illegible] gave up the [illegible] Saturday. Mr. Nichols [illegible] he has found it impossible [illegible] sufficient interest to secure the amount [illegible] "I am very surprised," said Mr. [illegible] "considering the fact that my [illegible] to furnish a large [illegible]. Had it not been [illegible] on the council I think [illegible] found the legal way of appropriating [illegible] float. It should be remembered that many Manitou men have given liberally to the centennial fund."

ILLUSTRATED SONG PARTY AT CLIFF

Tonight the Cliff house will have an entirely new kind of entertainment—an illustrated song party.

The idea was brought from the east by some of the guests now staying at the house. It originated at the West End hotel, Brighton beach, and has since been very popular in eastern hotels.

Over 60 songs will be illustrated each guest will have a card and as the song is illustrated he will write his guess as to what it is on his card. Three very pretty prizes will be given. The two persons with the highest average will each receive a prize and the person with the poorest average will have a booby.

During the evening there will be a musical program. The house trio will play, assisted by some of the guests.

FOUND MONEY IN BURRO'S EARS

Charlie Beel, the magician at the Elks Midway, visited Manitou yesterday. While walking down Ruxton avenue he noticed three young lads leading a burro.

"Why don't you take the money out of the burro's ear," said Charlie to the boys.

The youngsters thought that they had struck a lunatic so they only laughed. But the laugh was on the boys.

Walking up to the animal the magician took a fifty cent piece from one ear and a quarter from the other. The lads looked at each other in a mystified way with not a word to say.

The last the magician saw of the youngsters, they were digging in the poor burro's ears as if it were a gold mine.

BRIEF CITY ITEMS

EUCHRE PARTY—Last night there was a very pleasant progressive euchre party at the Cliff house. There were eight tables.

IS GAINING STRENGTH—Rolo Thompson, who was taken suddenly ill in Dick's restaurant Saturday morning, is reported to be out of danger. Dr. Berry says that he will be out in three or four days.

KILLED THE HORSE—A horse owned by Mr. Douglas, which was bitten sometime ago by a mad dog, has been shot. He was bitten eight weeks ago and it was only within a few days that he showed any ill effects.

AGENT FINED—A man selling the W. L. Douglas shoes got into trouble yesterday morning because he had no license. He was working as an agent for this business when Marshal Creo arrested him. Judge Francisco ordered the defendant to pay the town $5 and costs which he promptly did.

DELIGHTFUL DANCE—At the Manitou house last evening there was a delightful hop. The wide veranda and pleasant lawns gave the guests a splendid opportunity to enjoy the evening. The guests of the Mansions participated in the festivities.

ELKS AT THE FAIR—A special party of Elks and guests of the Barker house attended the opening of the Elks fair last night. The party left the hotel in a tally-ho at about 7 o'clock. They went at once to the fair grounds, where they spent the evening seeing the sights.

CHILD DEAD—The little child of John Reisinger, foreman at the Manitou soda works, died Sunday night at 11:30 o'clock at the age of 19 months. The funeral will be held from the First Congregational church this afternoon at 2:30 o'clock. The child will be buried beside its mother in the Crystal Valley cemetery.

PERSONAL MENTION

Mr. and Mrs. Moreland have returned from the east. Mrs. Moreland was away four months visiting in Baltimore and Buffalo. Mr. Moreland has been in Milwaukee.

Mr. Winfield Scott, a well-known cattleman of Texas, is at the Cliff.

Miss Frazier, the popular operator at the telephone exchange, spent Sunday in Denver.

Arthur Kingsley, C. Medcalfe and A. Macneill of London, are guests at the Manitou.

COLRADO SPRINGS SANATORIUM.

Osteopathy and Massage a Specialty. Dr. F. A. Thomas, resident physician. Dr. T. G. Horn, medical director. Corner Lincoln and Fourth streets.

SYRUP OF FIGS

NEVER IMITATED NO QUALITY

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

First Matches in Tennis Tournament

The drawings for the first matches in the open tennis tournament to be held today, Wednesday and Thursday of this week on the courts of the Town and Gown Golf club, are as follows:

A. Bissell, Colorado Springs, vs. Professor Mason, Colorado Springs.
A. W. Hayden, Colorado Springs, vs. G. E. McCarn, Denver.
G. B. Webb, Colorado Springs, vs. P. B. Sprague, Denver.
L. Carpenter, Colorado Springs, vs. Mr. Olmsted, Colorado Springs.
Carter Wilder, Kansas City, vs. B. Macrorie, Cripple Creek.
C. L. Hornochan, Colorado Springs, vs. C. F. Dodge, Colorado Springs.
C. A. Gillette, Cripple Creek, vs. V. L. Clements, Colorado Springs.
A. R. Gardner, Colorado Springs, vs. F. Bowen, Denver.

A great deal of interest is being shown throughout the state in this tournament, and a large crowd will undoubtedly be present this morning at the opening game.

The drawing for the doubles will be made this morning. All contestants from out of town and those whose addresses are not known at the Town and Gown Golf club will please notify at once R. P. Bartlett, No. 1205 North Cascade avenue, where they can be found in order that they may be communicated with.

OBLIGING SAILOR CLIMBED THE POLE

Harry Wills, a sailor who was picked up as a vag by the police Saturday, earned his liberty yesterday in a rather unusual manner. The rope on the flag pole over the city hall slipped through the pulley and the only way a flag could be run up was by sending a man to the top to put things in order again. Wills, who was accustomed to shinning up masts, volunteered for the task, as soon as he learned of the predicament, and the police rewarded him with his freedom, and exemption from further duty on the rock pile.

ELKS FROM CRIPPLE HERE TOMORROW

The Elks from Cripple Creek will visit Colorado Springs over a hundred strong tomorrow. They are coming down from the camp on a special train on the Midland and will take in all the sights at the big street fair.

Tomorrow will be visiting Elks day at the fair, and besides the delegation from Cripple Creek many members of other lodges throughout the state will be here.

A YOUNG LADY'S LIFE SAVED

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Charles H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady 16 years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

TROUBLESOME 'PHONE TO LAKE MORAINE

The telephone to Lake Moraine has not been in working order and no message has been received over the wire from Saturday until last night. Thomas Rice, the caretaker at the lake, went over the line twice but was unable to locate the break. Yesterday the telephone company sent a man out, but by the time he reached the lake the trouble had been found and the line repaired.

It was stated at the city engineer's office yesterday that the telephone line to the lake is frequently out of order, as the matter of changing it to Bear Creek canon has frequently been considered. Many tourists amuse themselves by shooting at the glass insulators, and campers and others in many ways interfere with the line.

City Engineer Case and Alderman St. John, chairman of the water committee, are said to favor a change in the line. There is much induction along the dog road, and frequently it is almost impossible to talk to the lake.

MERRY-GO-ROUNDS ARE AMUSEMENTS

The city clerk has been receiving a great many applications the last few days from men who wish to run merry-go-rounds during the Quarto-centennial celebration. There is no license covering this sort of amusement, and the city attorney has ruled that they must come under the head of performances which require a fee of $25 for every show. This is practically a prohibitory tax, so unless some permission is given by the mayor there will probably be no rides for the little folks.

Several parties also want to put in shooting galleries for the occasion, and one woman has asked for permission to conduct a ring-tossing business. These forms of amusement will be taxed about $10 a day.

Those famous little pills, De Witt's Little Early Risers, compel your liver and bowels to do their duty, thus giving you pure, rich blood to recuperate your body. Are easy to take. Never gripe. Hefley-Arcularius Drug Co. C. E. Smith, 117 S. Tejon.

"The Crisis"

We have just ordered 100 more copies of "The Crisis." It is the fourth or fifth supply already. The publishers announce that in three weeks after publication more than 160,000 copies of this book had been sold. Most everyone pronounces it "better than 'Richard Carvel.'" It is destined to have a much greater sale. If you were to buy but one book of late fiction in a year, we would say get "The Crisis." It has permanent historic value. It should be in every library. Price, $1.50.

Other Late Books

"The Helmet of Navarre," by Bertha Runkle, according to The Bookman, was the best selling book in America for the month of May. Price, $1.50.

"A Carolina Cavalier," by George Cary Eggleston. Price, $1.50.

"Her Mountain Lover," by Hamlin Garland, a story of Colorado. Price, $1.50.

"Truth Dexter," by Sidney McCall. Price, $1.50.

"Your Uncle Lew," by Reginald Sherlock. Price, $1.50.

"Old Bowen's Legacy," by Edwin Asa Dix. Price, $1.50.

"Like Another Helen," by George Horton. Price, $1.50.

Take Tejon Street car South every fifteen minutes...

SAY THE SYSTEM IS WORTH $2,800

The contract for the heating and ventilating system for the new county court house, which will be let to A. G. Coray, has not yet been signed by the county commissioners. Doran and Falrall favor the letting of the contract to Mr. Coray, while Mr. Greenway is opposed.

Mr. Greenway said on Saturday that he was opposed to giving the contract to Coray at $2,800 because, according to his opinion the work can be done for $1,500. He was quoted as saying that he had seen the Dickson system in an eastern building the size of the new courthouse, and that it cost only $1,500.

Commissioners Doran and Falrall declared yesterday that on the trip the three commissioners took recently not a single public building was seen equipped with the Dickson system for heating and ventilation. They say that Mr. Greenway has no good reasons for opposing the awarding of the contract to Mr. Coray.

JUBILEE BALL AT THE CASINO

A grand Quarto-centennial ball will be given at the Broadmoor Casino on Thursday evening next. Both the ball room and dining room will be in readiness for the use of the dancers and beautifully decorated for the occasion.

Cavallo's orchestra will be stationed in the hallway between the rooms and an especially fine dance music program will be rendered.

About 25 of the prominent society ladies have consented to act as patronesses of the ball. A list of names will be published in a day or two.

Admission to the casino upon Thursday evening has been placed at 50 cents and the public is urged to attend. Seasonable refreshments will be served as ordered.

JUVENILE ENTERTAINERS AT BROADMOOR TODAY

A more talented and clever combination of children than the Davis trio, singers and dancers, who appear this afternoon and evening at Broadmoor casino, has never been seen on any stage. Miss Davis, the youngest of the performers, has all the bewitching airs and enjoying mannerisms of a comic opera soubrette. Her songs meet with found after round of applause. The tot's two brothers execute some catching dance steps, and have a number of good songs. But the little sister is an artist.

While all of the children are gifted, especially high compliments have been paid by the critics to the smallest one, Miss Madeline, who is possessed of rare talent.

The matinees and evening performance will take place in the casino and ample provision has been made for accommodating large audiences.

ARRESTING MEN WHO ACT SUSPICIOUSLY

Anticipating the coming celebration the police have arrested a number of suspicious looking characters who are now being held in custody as vagrants. Five of these persons came up in police court yesterday, and a heavy enough fine was imposed to keep them pounding rock until after Saturday.

Two cases of disturbance came up before Judge Boatright yesterday morning. Four men, a street car motorman and three passengers, were arrested Sunday for a disturbance on a Manitou car. It seems that the passengers wanted to run the car and before they could be persuaded to let the motorman alone a lively scuffle took place. Two of the men, David M. Levy and J. Freeburger, failed to appear in court yesterday, and the police are looking for them. A. E. Sanders and S. W. Barrick, the motorman, were fined, but on promise of good behavior the fine was suspended.

Diarrhoea Quickly Cured.

Mr. Jacob Rickerman came into our store some time ago suffering with diarrhoea so badly that he was passing blood," say J. A. Freedel & Co., of Rome, Wis. "He had been under the doctor's treament but got no relief. We fixed him up a dose of Chamberlin's Colic, Cholera and Diarrhoea Remedy and he purchased a small bottle of it, and in 24 hours he was well." For sale by all druggists.

WILD FLOWER EXCURSION.
$1.50 AUGUST 1—$1.50.

This excursion train, which consists of five coaches, observation cars and lunch car, goes through 120 miles of the grandest scenery in the state, passing through Eleven-mile canon and crossing the Platte river 12 times and going into the famous South Park.

The train stops at all points of interest from 10 to 30 minutes, giving the passengers plenty of time to gather the wild flowers and fossils, of which the latter make the very finest souvenirs.

The Colorado Midland is the only line from which you are able to see the Snowy Range.

August 1 train leaves Santa Fe station at 8:15 a. m., returning at 5:30 p. m. Colorado Midland Ry., No. 13 North Tejon street.

CRIPPLE CREEK EXCURSION
Via Colorado Midland Ry.
TUESDAY, JULY 30.
$2.50 ROUND TRIP: $2.50.

AN EXCELLENT OPPORTUNITY.

THE PEOPLE of Colorado Springs should regard the Quarto-centennial celebration in no other light than that of an opportunity such as comes to few cities and that infrequently, and an opportunity such as few cities know how to use to the best advantage.

If it be asked, as it has been asked many times in the past few weeks, what is the use of spending all this money and taking all this trouble to arrange and prepare the Quarto-centennial celebration, there are several excellent answers.

In the first place it is a good thing not to be too insular in our ideas and occupations. It would do Colorado Springs good to cut loose for a day or two from pure business and to join in a historical celebration that would remind us of the fact that we owe a good deal of what we have to our predecessors and that we have a responsibility to our successors. If Colorado Springs cannot take a day off once in a while without regard to the dollars and cents that might possibly be added to our store, we are a community of muck-grabbers instead of up-to-date American citizens.

Secondly, as a resort city with good claims to national attention, and ambitious to become—if we are not already—the leading resort center of the west, we owe it to our visitors to provide at least once a year some part of a festival that is worth attending. For several years we had the Flower carnival, and the comments upon that proved it to be a great success, but it became somewhat monotonous and the same people year after year were expected to take all the work. It seems better to take advantage of some particular event as has been done this year and to plan a festival that will be thoroughly fresh and original. If our visitors know that something of the kind is to be expected we can come relatively up on a large number of people who would not otherwise visit us.

But the particular reason this year why Colorado Springs should make this festival satisfactory to every one that attends it, is because it is a state affair. A large number of those who attend are our friends and neighbors from towns and counties of Colorado. It is a grand opportunity for Colorado Springs to get better acquainted with the people of Colorado than we have ever been before and to show them that we are glad to have them as guests, not so much for what we can get out of them during their stay here, but because we are all engaged in the common task of building up Colorado and making it throughout a prosperous and a good place to live in.

The work of welcoming the city's guests belongs especially to the large and efficient committee that is already at work. But there should be a large committee, composed of every able-bodied man, woman and child in this city, engaged whenever possible in convincing all our visitors that Colorado Springs is the best place on earth and that the people of none other exceed us in our treatment of strangers. To produce such an impression upon our tourist friends from the east and our neighbors of the state will be worth an incalculable amount to Colorado Springs and the benefits derived from it will remain for a long time to come.

GENERAL PALMER AND THE WATER PROBLEM.

IN YESTERDAY'S EVENING MAIL there appears a very valuable contribution to the pending discussion of water rights and water extensions in the form of an interview with Gen. Palmer, president of the Colorado Springs company. As quoted by the Mail, Gen. Palmer says:

The Seven Lakes proposition is one of storage and I think by far the best of any under consideration as regards capacity and sufficient flood water supply to keep the reservoir full. Pike's Peak is the greatest water producer in this vicinity.

I understand the city engineer estimates that this basin will hold two billion gallons, and puts the cost of the dam, trenches, diverting tunnel, etc., at $333,280, to which should be added cost of site, land, etc., $55,000 to $100,000. The proposed dam is 61 feet high and 1,800 feet long. Would it not be better, perhaps, to consider something more moderate, say one 45 feet high and about 1,000 feet long. Such a dam, we are advised, would impound about one and one-tenth billion gallons, and would probably not cost, with the land owned by the lakes, over $250,000. As regards the matter of the price asked for the lakes I have no opinion to express.

The Brookside company own five or six miles of six and four inch pipe, but the Broadmoor company, we are informed, owns nearly all of the water. There is a considerable quantity of water available for storage from the Cheyenne creeks, but the storage sites are limited. One proposed site, they claim, would hold about sixty million gallons. My idea is that the Cheyenne creek rights are valuable if the Broadmoor holdings could be included, but otherwise not of much value to this city.

The Green Mountain Falls (Ute Pass) which I understand to be the Dow-Harrison proposition, and not the Ute park pipe line, is a storage one, regarding the merit of which I am not well enough informed to pass any opinion. But if it involves the storage of a large body of water in or including the natural channel of the creek, I would have little faith in it, firmly believing that all such reservoirs, however built, are doomed to go sooner or later. Whether this has such a location or not I do not know.

Safety from fire and the convenience of the rapidly growing upper part of Colorado Springs require prompt consideration of the subject of a water supply with sufficient head for the needs of that section. The West Monument may be found most available to this end, if those water rights can now be acquired at a fair price, and within the means of the city. A careful examination should, of course, be made before anything is done toward acquiring any of the sites proposed.

As might be expected Gen. Palmer takes a broad view of the water situation, and his opinions are in substantial agreement with those that have been expressed editorially in the Gazette. It would certainly be unfair to construe this interview as an unqualified indorsement of the Seven Lakes proposition for the reason that it expressly states that he expresses no opinion as regards the fairness of the price. In this particular case the price is one of the important elements and if it is true that commissions, rake-offs and oil funds form considerably more than half of the amount expected to be paid by the city, the proposition should be turned down, even if the city has to find reservoir sites elsewhere.

One thing that is made very plain in the interview as given above is that the city ought to increase its water supply, both by the acquisition of additional water rights and the construction of more reservoirs. No one knows better than Gen. Palmer how dependent this city has been for its growth upon a pure and abundant water supply, and no one can appreciate more clearly how much our future depends upon the same thing.

Public sentiment is fast crystallizing towards the principal point that this city ought to own all the water that falls upon the Pike's Peak range, and it must own all that can be secured at a price consistent with the future prospects of the city. There is a difference between water rights propositions and reservoir propositions, and when we have secured all the water that is available for our use ourselves and our successors may be trusted to provide whatever storage facilities are necessary to make the most of it.

THE ELKS FAIR OPENED.

THE Quarto-centennial celebration has begun most auspiciously with the opening of the Elks street fair and midway on South Cascade avenue.

The Colorado Springs lodge certainly deserves a great deal of credit for their enterprise in arranging a fair that is declared by experts to be the equal, if not the superior, of any similar exposition in the west. If they do not receive the full measure of praise that is their due it will be only because people have fallen into the habit of taking it for granted that everything that the Elks undertake is sure to be a success, and they do not realize the difficulties in the way and the amount of hard work and skillful planning that is required to overcome them.

As an illustration of what the Elks were asked to undertake it was necessary to pledge a large amount several thousand dollars—in order to secure the presence of the Midway attractions and over and above this it was necessary to build the booths and make other expensive preparations of which the local lodge took all the risk. It will depend, of course upon the people of this city and our visitors to make it possible for the Elks to come out of their project without a heavy loss. Undoubtedly everyone who attends the fair will get the full worth of his money, but aside from that it certainly deserves patronage.

The attendance at the fair today will be more largely Colorado Springs people than on any other day, but it should not be less in numbers on that account. Everyone in the city should visit the grounds today, and return later in the week, accompanied by a friend or a guest.

PRIZES IN OKLAHOMA AND ELSEWHERE.

THE registrations for lands in the Kiowa reservation were completed last week and on Monday the drawings began to determine which ones of the thousands registered should receive the much-coveted allotments. It is hardly fair to use the word lottery in such a connection, for that word has come to have a significance that is not in strict accordance with its derivation. But it might be hard to draw the exact line and to show why it was less reprehensible to go to the trouble and expense necessary to secure a chance in the drawing than it would have been to pay a dollar or twenty for the same chance. It would have been less expense and very much less trouble and discomfort if the land seekers had bought their tickets instead of scrambling for them at the Oklahoma land offices.

But leaving aside the difficult question of the morality of the Oklahoma drawing, the prizes were certainly numerous enough and some of them were valuable enough to attract a large attendance and to insure a great deal of interest. It is not every day that the government gives away farms valued at $40,000, even if there are only two of them, and if a large portion of those registered received nothing at all there were still prizes enough to make the chance an attractive one. For the majority of the prize-winners the probability is that the free land they gain in Oklahoma is no better than chances that are offered in the irrigated districts farther west. The man who goes on to the public lands to make a living for himself and a home for his family has something to consider more than actual and present circumstances. His actions are guided by the future, and it is the future that directs his thoughts. The genuine pioneer who is something more than a land speculator will consider all the qualities that go to make life desirable. He will consider climate, surroundings, society and the future prospects of the community in which his lot is to be cast and that section will receive the choicest immigrants that can make the best showing in these important matters.

The great prizes of unoccupied land at the present time do not lie within the limits of any Indian reservation in the rainbelt states. They are to be found in the arid region farther to the west, where every condition is prevalent that tends toward a high civilization and a rich reward for whoever has the courage and the determination to brave the dangers and to persist through the discomforts of pioneer life.

That the federal government will shortly see the wisdom of assisting in the development of the magnificent empire that it is possible to win in the west seems reasonably certain, but outside of any question of government aid to irrigation there is room in the western states for thousands of settlers, both in the towns and the country, among the ranches and the mines, who may plan and work for the future under the most favorable conditions.

The mining exchange has acted wisely in deciding to have one call a day through the week. The Colorado Springs exchange will be an object of considerable interest to many of our visitors, and many of them will desire to take a little flyer on the market, just to show what they could do if they gave their time to it.

Columbia won again in yesterday's race against the Constitution. It looks very much as though the result of the great international race was not a foregone conclusion.

FROM THE PRESS OF THE NATION.

Saving Our Faces.

(Lincoln State Journal.)

The western people are making sport of the arduous labors of the Chinamen to save the face of Kwang Su, the young emperor, who is about to return to Peking. It cannot be admitted by a self-respecting Christian that his emperor has ever been deceived or defeated in anything connected with his administration of the affairs of the empire. If the Chinese are whipped in war they write in all the newspapers and books that they gained a great victory.

They insist that the helter-skelter flight of the emperor, his dowager empress and the court, disguised as peasants and traveling on carts when they left Peking just in time to escape capture by the foreign devils, was just a pleasure excursion, the court feeling considerably fatigued because of the stirring times made by the ever victorious Boxers and that their health now being all right again, after a good rest in the country, they are coming back triumphant to their palaces.

But when they come in there must be no ravages of the capture and sack of Peking to greet the imperial eyes and so the local authorities have been making hasty repairs. The destroyed walls and palaces of the forbidden city are being replaced with plaster imitations so far as they can be seen from the street through which the Son of Heaven makes his entry. Great gaps in the business and residence blocks made by fire and sword are being covered by huge, pagoda-like constructions equally flimsy as the plaster imitations, so that he will not know that the powers destroyed any property in the city. All the ruins along which the imperial route will be taken will thus be covered from sight and the "face" of the emperor will be "saved" as the Chinese wittily describe the trick and its object.

However, there isn't much call for the westerners to smile at the rather obvious performances of the Chinese in the face saving line, for they are equally guilty of the same sort of social fiction year in and out for the benefit of the [illegible] Rich and powerful. The only difference is that the Chinaman long since admitted to himself the absurdity of his face saving devices and no longer makes a mystery of them. He goes about it in the most open and cynical manner and is just as well satisfied with the results as though he believed that somebody had been actually deceived in the premises. Hypocrisy, itself, has in that old, old people become conventionalized and John smirks cheerfully in the face of all his public as he works off his ridiculous fictions as he was taught by his ancestors without a blush or even the trace of anxiety lest he be found out.

In time it is likely that face saving will be as completely conventionalized and wooden among us as it is now with the celestials. It is a very near approach to the Chinese method today in the courts of Europe and in the highest society in America. Look at the absurd pomp and circumstance that is being prepared for Edward's coronation as king, emperor and "defender of the faith" in the Abbey next year. There are plenty of [illegible] and improvised pagodas getting ready for that great occasion. Who shall say that Kwang Su as the "Son of Heaven" [illegible] more absurd and absurd in the procession than Edward VII the "head of the church" and the "Defender of the Faith."

Shall the Yosemite Be Spoiled?

(San Francisco Chronicle.)

It is reported that the Yosemite valley commissioners intend considering at their next meeting a proposition to illuminate, by electric lights the falls, domes, cliffs and other objects of natural beauty and grandeur in the famous valley. If the report is true it is to be hoped that it will not prevail. There can be no valid excuse for such an intrusion of mechanical art into the [illegible] of nature on this coast. When the valley was reserved as a public park it was for the express purpose of preserving forever its natural features undisturbed, so that posterity might enjoy its beauties as they came from nature's hand. In a place like Yosemite, where nature has performed her work so perfectly, there is no room for art to interpose. Wherever attempted it has failed—it is a foregone conclusion that the proposed innovation would also be a miserable fiasco.

No one has been able to paint Yosemite as it is, though Tom Hill has come the nearest to it. No one has been able to describe its sublime features, for language fails when one tries to reproduce them. The great valley must be seen to be appreciated, and it is a primary proposition that its natural beauties should be preserved as near as possible in their normal condition. All artificialities spoil the effect. Under the inspiration of mistaken ideas of forestry grievous injury already has been done to the valley in places. Where formerly the floor of the gorge was carpeted with grass and wild flowers dense undergrowth has been permitted to develop and the green grass and flower wealth have disappeared. The change is to be deplored. The aboriginals, under the white man's control, undertook to be the guardians of the valley, before it passed from the art of preserving these natural features better than their sucessors. Then, again, the woodsman's ax has been wielded here and there without any [illegible] and the scars left in its wake are in unpleasant evidence today.

One of the protesting members of the Sierra club has very aptly termed the proposed artificial lighting of the valley's wonders for night observation as an attempt to produce a "Midway Plaisance" there. Could anything in the way of novelty be more vulgar, more ridiculous? If cliffs, walls and domes are to be wired for the development of electric light effects, what shall be the next mechanical innovation introduced? If the production of novelties is to begin, where and when shall it end? The erection of platforms and other structures at points in the valley favorable for observation has been wisely prohibited heretofore, because they would mar the landscape. The construction of a power plant for the illumination of the hotel and neighboring grounds, although an intrusion and a blemish, has been tolerated as a convenience. But the very suggestion of the building of this plant to develop the proposed scheme of night illumination of the falls and cliffs is so out of harmony with the purposes of the valley's preservation as to be too absurd to seriously entertain. If it is entertained the public will rightly consider that there is something radically wrong with the commission.

The incident suggests the necessity for the exercise of more care in the future selection of commissioners than has been given in the past. The position seems to have been coveted and awarded more because of the flanketing it commanded than for any special fitness in the appointees to fulfill the responsibilities. No man ought to be appointed on the board who is not especially qualified to perform its duties. Until that rule is followed we shall always be in danger of having some absurd novelty introduced which will deface the Yosemite valley and make it less attractive to sightseers.

The new Short Line is doing a wonderful business, and it well deserves to. The new line is improving its roadbed at a rapid rate and will soon be able to reduce the time between here and Colorado Springs. What is more, it will soon spend a great many thousands of dollars in improvements in Cripple Creek in the way of depots and general offices. The management of the Short Line could not be improved upon and the citizens of Cripple Creek may well feel proud of the new road. (Cripple Creek Star.

Inspection of These Vaults Is Respectfully Invited.

Unbroken Record

Confidence is a creature of slow growth. It requires years of steady effort and good management to give an individual or corporation that high financial standing essential to business success. There is in this city an institution which, in a quiet way, has gained the good will of our people. Its conservative, modern methods commend it to all. Its growth has not been rapid, but has been satisfactory in every respect. It has met with no reverses, and is daily gaining strength and widening its field of usefulness. We refer to THE ASSURANCE SAVINGS AND LOAN ASSOCIATION, which provides most attractive plans for both investors and borrowers.

Considerable rain does ... fall in all parts of Western Kansas, but the combined effects of evaporation by the winds and heat make the rainfall almost unavailing. The idea then, was to save and apply the rain instead of permitting it to drain off the land and evaporate. Briefly, the plan consists of an unique process of conserving the moisture in the ground by an original system of cultivation, one of the chief features being the frequent harrowing of the ground, which prevents absorption of the moisture accumulated in the soil from the snows of winter and from the occasional spring and summer rains. Even in the driest seasons enough moisture is saved to tide over the crops until rains do fall. By harrowing the ground after the system adopted by Campbell, a similar attraction of the moisture is entirely prevented. The outer surface becomes a dust blanket, which prevents the escape of the moisture below it. The soil bed is sub-packed so that it is in a fine solid condition. To describe the system thoroughly would require an elaborate treating. The theory of conquering these dry lands is valuable and ... dry seasons in any state from Maine to California.

The theory was originated by W. H. Campbell, a scientist of considerable practical success. As Mr. Pomeroy owns many thousand acres of land in western Kansas, he was more than willing to hazard the cost of the experiment. Mr. Campbell gives his entire time to the farm. Inquiries are being received here from all parts of Kansas. Mr. Campbell has experimented extensively along these lines, and from the interest that is manifested in his experiments it is evident that the results have passed the theoretical stage. The railroads running east and west through this arid belt have given much substantial aid to Mr. Campbell. The expansion of the west by reason of the redemption of the land from drought would open a new and wonderfully prosperous era to the railroads, and in fact, to the entire country.

Any who have rooms to rent during the celebration are earnestly requested to give their names to D. Mazlehurst or Mr. C. F. Bennett.

Members of the committee will meet all trains coming into the city, and special guests will be especially provided for.

Pursuant to the recommendation of the executive committee the reception committee is planning a general reception to Vice President Roosevelt. It is believed that this can be successfully done, and unless plans miscarry the reception will take place in North park on Saturday afternoon from 1:30 to 3 o'clock. A band will probably be present and play during the reception.

Chairman Brooks stated last evening that he never before saw a time when so many citizens were willing and anxious to do all they could to contribute to the success of such an undertaking. Everyone seems to be sincerely interested in the Quarto-centennial jubilee and everything possible will be done to provide a good time for the people.

To Entertain Visiting Women

The executive committee of the Quarto-centennial Congress of Women met yesterday afternoon with Mrs. Eldredge, the chairman, at her home, 18 East Williamette avenue.

The sub-committees, through the several chairmen, reported favorable progress so it is expected that all arrangements will be completed on time.

The decoration committee, chairman, Mrs. Lawrence, has adopted a beautiful decorative scheme in the national colors. Unique effects will be carried out and it is certain that the Opera house will never present a finer appearance than when the congress convenes at 2:30 next Thursday afternoon. Under the instructions of Miss Lawrence and Miss Burns seating will be expeditiously attended to by a corps of young misses. Out of town women can procure reserved seat tickets by applying at the rest room in the Alamo on Thursday afternoon.

The rest room, by the way, will be a very attractive and convenient feature of the Quarto-centennial. Through the courtesy of Mr. Elstun and local firms the Alamo ball room is to be fitted up very comfortably with easy chairs, couches, etc. Members of the courtesy committee will be in constant attendance to extend a welcome and furnish information as to place of meeting, distribute tickets, etc. All callers will be requested to register, thus aiding many who may desire to locate their friends. Ices and fruit punch will be dispensed by way of refreshment. In attending to all this Mrs. Hinchman, the chairman, will be assisted by about 20 ladies.

The entertainment committee reported having all things in readiness for the dinner to be tendered the congress speakers by the executive committee. This is to occur at 6 o'clock Thursday evening at the Antlers hotel.

The crowning event, the formal reception which is to be held in the parlors of the Antlers on Friday evening from 8 until 10 o'clock, will be a brilliant social affair. This will be a full dress occasion and admission will be strictly by card. Visitors will receive the preferred invitations as this is especially for the guests in the city and their hosts and hostesses. The cards will be distributed by the secretary and others of the executive committee and throughout it will assume the style followed at the levees given at the National capitol.

Dick Harvey Was Bad Actor in Scrap

John Jacobs, who runs a hot tamale joint in Colorado City, got into trouble with a Colorado Springs man named Dick Harvey on Sunday afternoon. Jacobs, it is claimed, was looking for trouble. Only that morning he had been released from the police station. He has been a frequent guest at both the Colorado Springs and the Colorado City stations and is well known in police circles.

Jacobs received the worst of the encounter. His head was badly cut by a blow from a cane in the hands of Harvey, causing a bad fracture of the skull and a deep cut over the left eye.

Harvey has not been tried. He is now behind the bars in the Colorado City station, where he will be kept until the nature of the injuries of Jacobs is definitely known.

ROOSEVELT

WILL BE GIVEN A PUBLIC RECEPTION.

Everyone Will Have a Chance to Shake the Hero's Hand Saturday.

A public reception will be tendered Vice President Roosevelt next Saturday afternoon at North park. The hours are from 1:30 to 3 o'clock. The reception will also be in honor of the Rough Riders and all visitors whose welcome to Colorado Springs will thus be emphasized.

The general reception committee arranged the reception in honor of Roosevelt at a meeting yesterday afternoon.

Roosevelt being a guest of the city everyone may consider himself the host of the popular hero of San Juan, and all are welcome to shake hands with him. Although Roosevelt has been in Colorado Springs many times it has always been in a more or less private capacity, and this opportunity of meeting him is one that the public will appreciate to its fullest extent.

TRAMP BURGLAR WAS MANY TIMES A GUEST

Some "wandering willie" visited Manitou early Monday morning. He seemed to think it the proper thing to pay most everybody in the east end of the town an informal call. Dressed in a suit of brown trowsers and having on a light pair of stockings with probably a few other articles of wearing apparel, which nobody seems to have seen, he started out on his little jaunt.

The Rev. Mr. Hayes was honored with an early call, but as the reverend gentleman was found awake in his tent porch, the visitor decided not to remain.

At both the Mansions and Manitou houses he accidentally got into apartments inhabited by ladies, who started up their vocal alarm and the visitor left in great haste.

Among the other houses visited, from which he succeeded in carrying away a souvenir were the Fitting cottage and the residence of Ex-Senator Teller.

At Glen Artney he took the wrong pocket—one containing but $1.85, when he might have taken one of far greater value, which was lying near. Here a lady on the floor above alarmed the caller by firing a salute with a revolver.

The Manning cottage suffered to the tune of about $5; the Hillgoss house is short $1 in its accounts, and the Deer Path lodge was relieved of $20.

Marshal Cree is working hard to find the visitor. His entire clew is that the man wore a pair of brown trowsers and that he was in his stocking feet. The clumsy methods employed by the man is almost sure proof that it was the work of a tramp.

"I am indebted to One Minute Cough Cure for my present good health and my life. I was treated in vain by doctors for lung trouble following la grippe. I took One Minute Cough Cure and recovered my health." Mr. E. H. Wise, Madison, Ga. Hefley-Arcularius Drug Co. C. E. Smith, 117 S. Tejon street.

Take your pick while the picking's good," at Kaufman's Reorganization Clothing Sale.

PERSONAL MENTION

John G. Kerr of Denver is at the Alta Vista.

J. J. Johnson of Maryville, Mo., is a guest at the Alamo.

Miss Scott and Miss Craig of Kansas City are at the Alta Vista.

Verner Z. Reed and family left yesterday for New York. They sail August 30 for Europe.

Miss Mame Pickett, of Kansas City, Mo., is being entertained by Mrs. John Kittleman, of Second street, Brookside.

The Misses Myrtle and Lida Sheldon of El Dorado, Kansas, are guests of their aunt, Mrs. Wm. Russell, 214 Kuhl street.

Yesterday's arrivals at the Alamo from Denver were, Edward Von Palmer, O. C. Garry, J. E. Hunter, F. B. Whitted, N. L. W. Miller, J. M. Leagu, H. J. Shull.

Joshua Sumner, a pioneer resident of this city, who has been spending a year or two in Massachusetts, his early home, has returned to Colorado Springs to reside.

Prof. E. L. Greenlaw and Mrs. Greenlaw of Evanston, Ill., are visiting friends here. Professor Greenlaw holds the chair of English at Northwestern university.

Mary Kittleman, of Brookside, gave a delightful party to her little friends Friday evening. About 35 of her friends were present and a most joyous time was had by the little folks.

R. W. Lowrie, of the Indianapolis Sun, is a visitor in the city. Mr. Lowrie was a member of the Union Pacific newspaper excursion party and will spend some days in this vicinity.

Cripple Creek People who are guests at the Alamo while taking in the Elks fair are, John P. Collins, H. P. Seede, J. E. Murphy, Joe Murphy, Otis Greenwood, Mrs. J. L. Sterrett and son.

Mrs. W. N. Nanney is in the city visiting friends with a view to permanently locating here. Dr. Nanney is medical examiner for the Metropolitan Industrial Life Ins. Co. at Evansville, Ind.

Arrivals at the Alta Vista hotel yesterday were: T. J. Engleman, C. E. McDowell, H. J. Eames, Denver; James A. Easley, Springfield, Ill.; Mrs. M. DeNeel and family, Parsons, Kans.; Fred L. Meher, Pueblo.

Arrivals at the La Veta hotel last night were: Fred Kerr, W. S. Turner, J. A. Armstrong, Wm. Bensen, Denver; A. W. Frances, Omaha; Asa Fisher, Cripple Creek; J. T. Lett, Hollidaysburg, Pa.; G. R. Black and family, Dr. J. E. Cramer, Mrs. J. N. Kelley, Mrs. W. T. Quinlan, Frank McCullough, R. S. Crittenton, M. E. Bush, G. V. Truce, R. C. Tilley, Atlanta, Ga.

Recent arrivals at the Antlers are: Miss Nathan Gregg, Mrs. Genevieve Gregg, E. W. Reed, Sam Strong, G. W. Glamm, Denver; Disson S. Dines, Denver; Mrs. H. W. Walker, Mrs. Edna Walker, St. Louis; F. F. Oviatt, Dr. Charles H. Wheeler, Chicago; Ellis Kaufman, Idaho Springs; T. W. Draper, Washington, D. C.; Mrs. C. D. Moore, Kansas City; Mrs. M. E. Lennon.

Arrivals at the Alamo yesterday were, A. J. Liebstader, Kansas City; T. W. Cooper and wife, Kansas City; Mrs. Robinson, Chicago; Charles Sparker, Kansas City, R. R. King, New York; J. C. Shepherd and wife, Norfolk, Va.; Miss S. G. Shepard, Norfolk, Va.; H. J. Shepard, Cripple Creek; Miss J. W. C. Shepard, Redford, Cal.; Mr. and Mrs. J. E. Briggs, Detroit; J. E. Derey, St. Louis; E. W. Snow, Kansas City; H. A. Jagard, Cripple Creek; B. T. Hainer and wife, Oklahoma; Wm. H. Burtner, Jr., Cincinnati; J. G. Kennedy, Cincinnati; W. S. Kennedy, Cincinnati; Mrs. G. C. Evans, Rocky Ford; Fann M. Evans, Rocky Ford; L. J. Barnett, Des Moines; John J. Garrison, Detroit; F. P. Flynn, Des Moines; Miss Flynn, Des Moines; Fred Suger, Minneapolis; Thomas D. McLeese and wife, New York; L. Raymond, San Francisco; I. H. Friar, Cripple Creek; V. G. Hills, Cripple Creek; J. W. Fletemeyer, LaFayette, Ind.; W. D. Almy, Chicago; W. D. Trudy and wife, Pueblo; C. B. F. Colver, Kinsley, Kans.; R. C. Chapin.

SEDAN IN EXCELLENT ORE

At a Depth of 150 Feet Ore Shoot Is Showing Which Rivals Any Which Has Yet Been Opened on This Property.

A very encouraging development has occurred on the property of the Sedan company, and although the particulars are somewhat vague, it appears quite certain that the showing, which the property is now making is better than it has been for several weeks, a good body of ore having been opened in the bottom of a winze sunk from the 110-feet level and at a total depth of about 150 feet. The shoot is wider and stronger than it was above, and carries with it the same streak of fabulous values. It was stated yesterday on excellent authority that the showing in the bottom of this winze equals anything ever made before in the mine.

Lessee Kellum has been busy accomplishing development work in several places on the property. In the progress of proving up the apex of the vein several promising indications were encountered which were worth following up, and the shoot in the main level has also been developed to a considerable extent. It has been announced that as soon as the litigation is settled, the mine will be able to ship heavily.

Although the showing is good in the 110-foot level, the rich ore which was originally opened up did not prove to be very permanent, and for some time it has been understood that the mine had somewhat deteriorated, although the reports were somewhat exaggerated. It will be learned with pleasure by many people now that the ore has again been encountered, and at a great depth, which promises well for Galena hill. It is confidently predicted that there will be another period of activity there within a few months which will dim the first. It is reported from camp that lessees are already directing their footsteps there with new encouragement.

FOUR STOCKS CHANGED YESTERDAY

Tenderfoot Hill, Volcano, Celestine and Little Man Taken From the Unclassified Department to Proper Lists.

Four new stocks were transferred yesterday to their respective lists from the unclassified department, and called regularly for the first time. The Tenderfoot Hill and Volcano companies were listed as preferred prospects, while the Celestine and Little Man companies were included in the prospect list. The data which were submitted to the exchange and upon which the companies were accepted is as follows:

CELESTINE.

Officers—W. H. Foley, president; C. V. Miller, vice president; S. J. Mattocks, secretary and treasurer.

Transfer office—104 East Pike's Peak avenue, Colorado Springs.

Incorporated—March 17, 1900, under laws of Colorado.

Capitalization—1,250,000 shares. Par value, $1 each. Non-assessable.

Treasury—Cash, $200. Stock, 96,000 shares, subject to the order of the board of directors.

Property—Block 75, and the mineral rights underlying about 50 acres of the first addition to Fremont, deeded to the company. All patented.

Leases—No property held by or leased by the company. No adverse.

Surface improvements—Steam hoist and shaft house; cost, $5,000.

Development—Shaft 250 feet and drifting 150 feet. No properties worked at present. No funds to expend on work. Properties will be leased as soon as responsible lessees can be secured.

Production, none.

Liabilities—None.

Amount paid in dividends—None.

Salaries—None. Stock registered by the registry department C. S. M. S. A.

VOLCANO.

Officers—President, W. H. Foley; vice president, Dan Wyand; secretary and treasurer, S. J. Mattocks.

Transfer office—104 East Pike's Peak avenue, Colorado Springs, Colo.

Incorporated—October 11, 1899, under laws of Colorado.

Capitalization—1,250,000 shares, par value, $1 each, non-assessable.

In treasury, Cash, $300. Stock, 139,000 shares.

Properties—Mound Rock, Red Jacket, Volcano and What Is It lodes.

Titles—What Is It patented, Volcano, receiver's receipt. Balance in process of patenting. Mound Rock and Red Jacket held by location, ready for receiver's receipt.

Leases—None. No property held by lease. No adverse. Litigation, none.

Development—Shaft 250 feet; 500 feet of work done; $25,000 expended. No property being worked at present. Expect to lease.

Liabilities—None. Production, $200. Dividends, none. Stock registered by International Trust company.

TENDERFOOT HILL CONS.

Officers—W. A. Otis, president; C. C. Hamlin, vice president; O. H. Shoup, secretary-treasurer.

Transfer office—62 Bank block, Colorado Springs, Colo.

Incorporated—February 21, 1901, under the laws of Colorado.

Capitalization—1,500,000 shares, par value, $1 each. Non-assessable.

In treasury—Stock, none; cash, $30,239.02.

Properties—Lawrence Warden, Sarah Belle, Hill Top, Hill Top No. 2, Hill Top No. 3, Deadwoods Nos. 1, 2, 3 and 4, all located on Tenderfoot hill, Cripple Creek, Colo.

Titles—All patented. No property held by location or lease. No adverse. Total area—61,415 acres including 22 acres Sarah Belle in question.

Litigation—None.

Surface improvement—Engine house, engine, boiler and hoist.

Development—Shaft 450 feet, 300 feet levels and 250 feet drifting. The only work done by the company is on the Hill Top claim. Work done by contract; eight to ten men employed.

Expenditures—The company had at its organization $50,000 of which amount $19,760.98 has been spent. The remaining balance of $30,239.02 will be used in development.

Property leased or bonded—None; liabilities, none; production, none.

Salaries—To secretary, $900 per annum.

Stock registered with the International Trust company.

LITTLE MAN.

Officers—H. H. Dorsey, president; J. W. Wright, secretary; J. P. Young, treasurer.

Transfer office Colorado Springs, Colo.

Incorporation—February 12, 1901, under laws of West Virginia.

Capitalization—1,000,000 shares, par value, 1 cent; non-assessable.

In treasury Cash, $7,500; stock, 230,000 shares.

Properties—The Park lode, 5½ acres on Galena hill, and the Alpine lode on Rhyolite, containing 10 acres.

Titles rest on receiver's receipt.

Development—Park lode leased for 18 months at 20 per cent royalty; work to start by March 1; plant of machinery to be installed when shaft is down 50 feet. At present the shaft is down 40 feet and two 50 feet on Park lode; one shaft 50 feet and some trenching on Alpine lode.

Stock registered by registry department Colorado Springs Mining Stock exchange.

ANOTHER CYANIDE PLANT FOR THE GREAT HOMESTAKE MINE

(Special Correspondence.)

Lead, S. D., July 26.—It is stated that the Homestake company will commence the erection of the second cyanide plant about the first of next month. How true the statement is, can be determined only by actual work on the part of the company. The plant is to be located down the gulch a short distance from Central City, and it is said that it will be nearly as large in capacity as the big plant at Lead, which is now treating about 1,200 tons a day of mill tailings. The new mill is intended to treat the tailings from the DeSmet, Caledonia and Deadwood Terra stamp mills. It will add possibly $30,000 to the output of the company. Talk is gaining force every day that the Homestake company will be able to increase its dividend in the next few months, some say about the September dividend. Certain it is that the output of bullion from the mine is greatly increased since old mills, the new cyanide plant and the new water system were put into service.

The Shawmut Mining company, organized over a year ago by some Boston people, has failed to make the final payment on the Esmeralda mine and mill in the Blacktail district. The proposition was managed improperly at the start, owing to the confidence of the eastern promoters, who thought that they knew it all. The mine has large shoots of cement ore that runs $4 to $6 per ton gold, and some ore even higher. The free gold was plated and the tailings saved by the cyanide process. The property was owned by F. Faust of Lead, and W. L. Faust of Deadwood, and they have now taken possession and propose to run the mine and mill, and they will succeed, for they have made money in it before.

The Elkhorn Railway company is soon to commence building a spur of road about one mile in length from the Bald mountain line, at Gayville, to the mines of the Imperial company, in the Blacktail district. A spur is also being put in by the same company to take away the ore at the Selim mine, west of the limits of Deadwood. The ore is used in the Deadwood smelter for a flux. A good ledge of pyrite ore has recently been encountered in the Montezuma mine, near the Selim property, which is owned by Deadwood parties. It is to be worked and the ore will be sold to the smelter. The ore carries considerable copper value and is doing away with a lot of the copper ore that has heretofore been brought in from Montana.

GOLDEN DALE STOCKHOLDERS AGREE TO REORGANIZE COMPANY

A meeting of the stockholders of the Golden Dale Mining and Milling company was held yesterday morning in the offices of the company in the Bank block. Out of a total capitalization of 3,000,000 shares there were represented either in person or by proxy 1,700,000 shares, all of which was voted in favor of selling the property of the company to a new corporation, according to a proposal made previously by the directors.

The proposal was that a new company, the Golden Dale Mining and Milling company, should be incorporated under the laws of the state of Wyoming, with a capitalization of 3,000,000 shares, and that these be divided among the stockholders of the old company, share for share. This would give to the stockholders an interest in a company which was entirely regular in its incorporation, which the present one is not, and would also obviate the necessity of the stockholders undergoing the burden of the exorbitant taxation which has been imposed against mining companies organized in this state.

The company owns the Alsa R. claim, adjoining the Moose on Raven hill. Energetic lessees are working on the property, and have just installed a plant of machinery which will enable them to develop a promising shoot which was recently cut by them. The stockholders at the meeting expressed themselves as perfectly satisfied with the way things were going, and heartily indorsed the present action to straighten out the affairs of the company so that the stock can be listed.

The officers of the new company will be identical to those of the old, F. H. Pettingell being president; Walter Scott, vice president, and L. A. Civili, secretary and treasurer.

Upon the surrender of their old certificates Golden Dale stockholders can get the new ones.

"I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia Cure is without question, the best and only cure for dyspepsia that I have ever come in contact with and I have used many other preparations." John Beam, West Middlesex, Pa. No preparation equals Kodol Dyspepsia Cure as it contains all the natural digestants. It will digest all kinds of food and can't help but do you good. Heffley-Arcularius Drug Co., C. E. Smith, 117 S. Tejon street.

COKE DANDRUFF CURE

is the only "guaranteed" or money back cure for Dandruff, Hair and Scalp Troubles. Over one million bottles sold. If Coke Dandruff Cure fails to cure your hair and scalp ailments you will be the third to ask for your money back, and you'll get it, too. All barbers use it. For sale everywhere.

Coke Shampoo & Toilet Soap

made expressly for shampooing the hair and beautifying the complexion.

A. R. BREMER CO., Chicago.

FOR SALE BY Heffley-Arcularius Drug Co., P. L. Gutmann, Robinson Drug Co., and all barbers use it.

MINING NOTES AROUND TOWN

The brokers decided by a vote taken yesterday morning that they were in favor of adjourning the afternoon call on change beginning with today and lasting through the week. This action was taken as a compliment to the Elks who are this week engineering their street fair. Although the business has picked up considerably in the past few days, the brokers think that they can still handle it all on one call, by prolonging that one slightly beyond the hour when it has usually adjourned. Accordingly there will be no afternoon call held until next Monday.

REPORTED STRIKE ON AJAX DENIED OFFICIALLY.

It was reported in mining circles yesterday that a good strike had been made on the property of the Beacon Hill-Ajax claim, which is located on Beacon hill adjoining the Katinka, but the officers are reticent and do not admit that any new development has been made. The property is located in such a position that it has been contended for some time that the extension of the Mary McKinney vein would run lengthwise of it. Three sets of lessees are now at work trying to prove the correctness of this theory, and it is understood that they have good prospects for opening ore, as has been stated before in these columns.

STRIKE REPORTED ON THE OREGON PROPERTY.

It is reported that a good strike has been made by Lessee Hanselman on the property of the Cresson company on Bull hill. The ore was opened at a depth of 40 feet some time ago, but the shipment which was sent out from it did not run high. The bottom of the shaft is now in ore, however, which will run as high as $50 in gold to the ton, and it is thought that this can be made to ship much higher than the first consignment, although the facilities for sorting the ore are very poor. There are a number of men working on different blocks of this property, and a good quantity of ore is being produced.

ACT QUICKLY

Delay Has Been Dangerous In Colorado Springs.

Do the right thing at the right time.
Act quickly in times of danger.
Backache is kidney danger.
Doan's Kidney Pills act quickly.
Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this.

Mr. J. J. McCarty of 13 South Corona street, foreman of the Gazette, says: "For five or six years I was annoyed with backache, accompanied by slight urinary trouble. I took more than one medicine said to be a sure cure for kidney complaint, and like a great many others in Colorado Springs, I procured Doan's Kidney Pills at Jones & Wellington's drug store, 102 N. Tejon street, expecting the results from their treatment to be as unsatisfactory as those from other preparations I had taken in the past. The benefit received justifies me in saying that anyone suffering from kidney complaint or backache will find in this preparation a remedy which acts differently and more effectively than anything heretofore tried."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, "Doan's," and take no substitute.

$13 TO BUFFALO AND RETURN, $13 via the Nickel Plate road from Chicago, for the Panamerican exposition. Tickets on sale daily, good leaving Buffalo up to midnight of tenth day from and including date of sale. Also tickets on sale daily Chicago to Buffalo and return at $16 for the round trip, with 15 day limit, including date of sale; $21 Chicago to Buffalo and return good for 30 days. Tickets Chicago to New York and return at special reduced rates. Write John Y. Calahan, general agent, 111 Adams street, Chicago, for full particulars and folder showing time of trains, etc.

WILD FLOWER EXCURSION, $1.50—AUGUST 1—$1.50.

This excursion train, which consists of fine coaches, observation cars and lunch car, goes through 120 miles of the grandest scenery in the state, passing through Eleven-mile canon and crossing the Platte river 12 times and going into the famous South Park.

The train stops at all points of interest from 10 to 30 minutes, giving the passengers plenty of time to gather the wild flowers and fossils, of which the latter make the very finest souvenirs.

The Colorado Midland is the only line from which you are able to see the Snowy range.

August 4 train leaves Santa Fe station at 8:15 a. m., returning at 5:30 p. m. Colorado Midland Ry., No. 13 North Tejon street.

LOW RATES TO BUFFALO EXPOSITION

via the Nickel Plate road. Also reduced rates Chicago to New York and return. Three through daily trains with vestibuled sleeping cars and excellent dining car service, meals being served on the American club meals plan, ranging in price from 35 cents to $1. Chicago depot, Van Buren street and Pacific avenue, on the Elevated loop.

Write John Y. Calahan, general agent, 111 Adams street, Chicago, for full information and beautifully illustrated descriptive folder of the exposition buildings and grounds.

$18, SALT LAKE AND RETURN, $18. Rio Grande R. R.
July 30; 31; Aug. 11, 12, 14 and 21.

BUY 20c CALERA

CALERA

A Probable Dividend Payer at a Prospect Price

BUY 20c CALERA

Calera Note the small capitalization---20c. per share for 750,000 shares means the same as 10c. per share for 1,500,000 shares, the latter being the usual capitalization on this market.

Calera A probable dividend payer at a prospect price.

Calera If you have made profits in other stocks, Calera is the best place to put your profits. If you have suffered losses in other stocks you can more than make up your losses by buying Calera.

The Calera Gold Mining Company

will be capitalized for $750,000.00, divided into 750,000 shares with a par value of $1.00 per share, fully paid and non-assessable and with the following officers:

President, Ramsay C. Bogy, president the Ramsay C. Bogy Investment company; vice president, John C. Mitchell, cashier the Denver National bank; secretary and treasurer, E. E. Quentin, president Little Nell G. M. company; manager, A. F. Wuensch.

The company will own about 74 acres of ground in the Magdalena district, state of Sonora, Old Mexico. Over 60 acres of the ground being patented. The company will also own valuable water rights and mill site, including a ditch over a mile long. There will be absolutely no debts and a treasury reserve of 150,000 shares of stock and $10,000.00 in cash. The property has been developed by underground workings too numerous to mention, which have opened the main vein up to an extent that puts an enormous amount of pay ore absolutely in sight. Although much of the ore is rich enough to ship to the railroad and smelters, it is easily milled and much larger profits can be made by treating it at the mine. A mill will be built promptly and dividends seem assured. The ore now absolutely in sight runs from $20 per ton to above $200 per ton. Mr. Wuensch's conservative estimate calls it an average of $30 per ton, which is very satisfactory, as $15 ore will pay well. The values are practically all in gold. We offer for subscription stock in the company at 20 cents per share, subject to the following terms: 10 per cent. of the purchase price must accompany subscriptions absolutely in all cases. Balance must be paid upon notification that subscription has been allotted. Subscription books positively close on Wednesday, August 7, at 4 o'clock p. m. Telegrams received at our Denver office up to that time will be considered, when statement is made that the 10 per cent. payment above mentioned has been forwarded. We reserve the right to refuse any part of any or all subscriptions upon refunding the amount paid. Reports on the property, maps showing underground workings and actual present ore reserves and any information desired will be furnished promptly upon request. Application for subscription blanks or for any information may be made at our main office, No. 1 Equitable building, Denver, Colorado. We strongly advise our clients and the public to subscribe for Calera stock liberally, not only because we feel confident that there will be a substantial advance in the price (we think it will eventually sell at par), but particularly because it is a legitimate and direct mining proposition that we feel sure will make money for all stockholders through the profits on the ore produced regardless of the conditions of the general stock market. The mine is now being worked on a very large scale, so that the immense quantity of ore already in sight is being added to materially and steadily. Application will be made for listing the stock on the Colorado Springs Mining Stock Exchange.

Calera In his report on the Calera property Mr. A. F. Wuensch, one of the best and most favorably known mining experts in the country, says, "A large profit above cost of mining and milling is assured on the output of the mine."

Calera A probable dividend payer at a prospect price.

Calera Note our prediction that Calera will soon be a dividend payer, and that the price will advance from 20c per share to $1.00 per share.

For Maps, Experts' Reports, Descriptive Circulars, etc., apply at once in person or by telegraph or telephone, to

COLORADO SPRINGS MINING STOCK EXCHANGE

...ay July 29.—The market change was more lively ...en on a Monday in several ...the trading was good all ...lists, and the prices in ...es were higher, although ...one of the market was ...en one. The advances ...d were in stocks repre...strii... reported ...e acuitiveness of there ...good indication of the ...dition which the market ...ems very probable that ...there will be its constant ...on as has been noted in ...days.

...of the trading was in B. ...advanced from 4½ to ...the reports of a strike ...rified either on the floor ...also manifested strength, ...though heretofore reports were a little more demure. Gold Dollar sold up again to 16¼, under a good demand and Columbia sold at 23¾. There was a slight settling in Elkton to $1.76, although the demand was very good. The rumors of a sale of the control in this company for $3 a share were again likely, but were promptly contradicted on inquiry of the officers, and it does not seem probable that any sale is likely to come off in the immediate future, judging from the attitude of those now in control. Shannon, among the lower priced stocks, was active and went to 1¼, and in all of the departments the most cheerful spirit prevailed, and the trading in some of the stocks was the liveliest which has been known since the hot weather set in.

The trading for the day was extremely good, 326,320 shares having been sold, the cash value amounting to $54,558.

EASTERN MARKETS

New York, July 29.—The way in which the stock market acted this morning served to dash the hopes of the bulls amongst the traders who had indulged a hope that some accession of speculative interest would result from the favoring factors over Sunday. For two Mondays past the market has continued to face an accumulation of discouraging factors which resulted in selling down prices within the first hour of trading to what proved to be the low point of the week. This morning, in contrast there was the news of rains in the corn belt about which there was no dispute for the first time in many weeks, as to their beneficial character.

The opening of negotiations gave strong hope of an early settlement of the steel strike. The simultaneous sales of United States Steel at the opening were of 35,000 shares at an extreme advance of two points and a large number of the stocks thus benefited were Norfolk & Western, Chesapeake & Ohio, Pennsylvania, B. & O., N. Y. Central, several of the coalers, the Chicago & Alton stocks, Hocking Valley, a number of the southern and southwestern railroad stocks, Colorado Fuel, American Tobacco and North America. As a device for awakening interest in the market this was a failure. The opening rush to buy was all that brought the day's dealings above the level of activity prevailing during the latter part of last week. When the room traders attempted to take their profits at the end of the day prices crumbled away and only a few stocks had anything left in short but fractional net gains, at the closing which was dull and heavy.

The bond market was dull and irregular but rather more diversified than last week. Total sales, par value, $1,415,000.

U. S. bonds were all unchanged.

Continuous quotations on New York Stocks, Bonds, Cotton, Chicago Grain and Provisions. Wm. A. Otis & Co., 25 Giddings building.

New York Money.

New York, July 29.—Money on call steady at 2@2½. Last loan, 2. Prime mercantile paper, 4½@5.

Sterling exchange, steady with actual business in bankers' bills at $4.87¾@4.87½ for demand and at $4.84½@4.85 for 60 days. Posted rates, $4.86@4.88½. Commercial bills, $4.84½@4.84¾.

Bar silver, 58¾. Mexican dollars, 46.

Bonds, Governments, steady; railroads, irregular; state, inactive.

The London Market.

New York, July 29. Commercial Advertiser's London financial cable: There was a revival of general cheerfulness in the markets here today accompanied by peace rumors. Amsterdam buying of Africans started the apparent canard that Leyds is in London.

Americans were strong on the reported arrangement of the steel strike. New York came good. Baltimore & Ohio and Atchison leading. In the street the finish was buoyant though little was doing. The settlement discloses a small commitment. The general contango was 5 per cent. Eries and Readings were scarce.

ELLSMERE LEASING CO.

Has Received Encouraging Returns From First Shipment---Strike Reported on American Beauty of Shannon Co.

Special to the Gazette.

Cripple Creek, July 29.—The Ellsmere Leasing company operating block No. 14 of the Cameron townsite, has received returns from the first shipment of ore marketed from the lease. The ore gave an average value of a little better than $21 in gold to the ton. Considering that the mineral is from the 55-foot level the lessees are gratified with the showing that they have on the lease. As soon as the ore body is fully opened up in the 100-foot level the lessees expect to maintain a regular production of this grade of ore or a little better.

A strike is reported to have been made in the 100-foot level of the Whitt lease on the American Beauty of the Shannon company on the west slope of Gold hill. Although none of the details of the strike is known the ore is said to carry values of from $15 to high grade ore. The high grade samples are probably picked. A good deal of development work has been done in the 100-foot level of the American Beauty and a strike was reported in this property several months ago which did not hold out.

Lessees working on block No. 2 of the Cameron Townsite are sinking the shaft to the 250-foot depth. They took the work up at the 150-foot level and have several good prospects in sight, a chief of these being a north and south vein which opened about 60 feet from the shaft and which dipped through at the 198-foot point, where it showed a material gain in width, although the values did not run as high an average. In the 80-foot level of the property assays on this vein returned from $20 to $25 to the ton, while at the 200-foot depth one assay of $20 was obtained along with several running only $7 and $8. Another vein has come into the shaft, and although it is only a small streak it carries pay. A third vein was found near the surface. When the 250-foot depth is reached crosscuts will be run for all three of these leads and they will be fully developed.

Doyle and Edson, working the Eureka claim of the Reward company, on Galena hill, are still developing their block of ground. They found pay always at a depth of about 50 feet from the surface and are working on the vein with a view to making it a paying proposition.

Rigby and associates have taken up a lease on the ground south of the Gold Dollar, belonging to the Cable company. They will commence development work at once, equipping one of the old shafts of the company with a steam hoist.

Chicago Grain and Provisions.

Chicago, July 29.—With the drouth broken the corn market today led a downward movement participated in by the other cereals. Wheat, with other bearish factors contributing to the weakness, closed two cents lower for September. September corn closed 2½@¾c down and September oats 1½@¾c depressed. Provisions closed a trifle higher, except for lard.

The leading futures ranged as follows:

	Open.	High.	Low.	Close.
Wheat No. 2—				
July	67¾	68	66¾	66¾
Sept.	68½	69	67½	67¾

Magnificent Industrial Display

500 feet of booths displaying Fashion's latest fancies in dress and adornment Colorado Springs industrial institutions, exhibition The retail merchants show the public free of charge the latest products of the manufacturers in wearables, eatables, decorative art, home furnishings and pleasure bringing devices

Three Gypsy Camps

where original Gypsy nomads tell your fortunes in a variety of their different methods, including Palmistry and Phrenology In one camp is the most noted Gypsy of them all he locates hidden scars and describes them and their origin

The Cowboy Camp

FREE ATTRACTION...

A camp of Cowboys in their spectacular dress, with their wagons, tents, ponies, and utensils of all kinds They will camp and live at the street fair just as they do in real life on the plains

The Electric Fountain

A spurting fountain sixty feet high illumined by thousands of multi-colored electric lights The streams of water shooting high in the air fall outward as they descend. In the center, clad in flowing robes is a dancing girl ever going through the figures of the Butterfly, Serpentine and other dances and never getting even a drop of water. In the closing scene of this magnificent display the water forms a hollow pyramid while the dancing girl, still continuing her graceful motions, gradually rises to the apex, sixty feet high, then suddenly all disappears

INDIAN VILLAGE

with native Utes and Santa Clara Pueblos with their tepees, cooking outfits ponies families, and showing their weird religious dances

The Dog and Pony Show

A large troupe of well trained dogs and ponies showing new and wonderful tricks. A master illustration of man's power and control over the brute creation Animals with an artificial intelligence almost human.

THE STREETS OF CAIRO!

15 Native Turks in Native costume. Camels you can ride on if you don't get seasick. Many Street Scenes, showing Oriental marriage ceremonies, the Mohammedan prayers, wonderful sleight of hand performances and exhibitions of the black art of the Dark Continent **Basco, the Snake Eater. Lunette,** flying lady illusion. **Aimee Dancing Woman,** fifteen separate novel dances, Exhibiting under the glare of three calcium lights of tremendous power in garments of flashing cut steel, the world's greatest exponent of the terrible looking **Fire Dance** in which she appears as a mass of flames and in her movements throws off apparently burning brands, **The Newest and Most Astonishing Dance,** the Lily Dance in which Aimee appears in a robe composed of 680 yards of white silk, in the final climax of this wonderful exhibit of womanly grace and dextrous motion Aimee revolves with lightning-like rapidity, her gown following her evolutions and gradually floating higher and higher above her head until it ultimately forms an almost perfect calla lily shape with Aimee as the stem. **THE TURKISH THEATER** with the Turkish dancing girls in their native religious and dramatic dances.

PIONEER LA GARE — **Phenomenal EQUILIBRIST**

In his difficult and perilous trip from pinnacle to foundation of a high spiral path balanced, head down, on a small sphere or roller skate. An inclined pathway winds around a steel center, many feet up into the air. La Gare, standing on small sphere, rolls it and himself downward, or head downward, and balancing on one hand on a small roller skate, makes the dangerous descent, which is seemingly impossible with safety to the performer. A slip, a mistake, a loss of balance, may mean instant death.

These Are Some of the Principal Attractions

They comprise the greatest aggregation of interesting, novel and dangerous entertainments ever brought together in one show in the West.

If you miss the Elks Street Fair you'll miss a spectacle of a lifetime. Take a day off, visit the Elks Fair and Get Glad, You'll live longer.

SUMMER RESORTS

NOTICE TO FISHERMEN.

The district court, by injunction, has stopped the pollution of the streams in Gunnison county. The 450 miles of famous trout streams in this county will again furnish the old-time sport they once did. The La Veta hotel at Gunnison is centrally located for reaching all of them within ten miles. In the vicinity of Gunnison more trout weighing 4 to 12 pounds have been taken than from any other stream in the world. Yours respectfully, La Veta hotel, Gunnison, Colo.

EDUCATIONAL

TUITION during the summer. Mr. Arthur Kew, B. A., London, tutors in languages and mathematics. Preparation for college. 1125 North Nevada avenue.

PERSONAL.

WILL lady who gave gentleman rose on Manitou car Sunday evening, address Rose, care Gazette.

MISCELLANEOUS.

FITCH AND GRAVEL roofing. Engel, 17 Kiowa.

FOR SALE—REAL ESTATE.

SOUTH END REALTY CO.
701 S. TEJON. PHONE 483-A.

HAD YOU EVER THOUGHT OF IT BEFORE?

That ten years ago Colorado Springs was a town of only 10,000 and today we have upwards of 30,000 people. Basing results on 10 years hence, at this rate we will have a city of 70,000 inhabitants.

Don't monkey with the statement as FACTS ARE STUBBORN THINGS.

MORAL.

If it's a home you want, buy it now.

Nice 2 room house, water inside, sewerage, set to fruit and shrubbery, lot 44x200; $400 down, balance $10 per week. Price $400.

7 room modern house, furnace, electric lights, sewerage, range, etc., close in. Only 3 blocks from city hall. Price $1,700 down, balance $30 per month. Price $3,500.

Or will exchange for smaller place in south end.

A model home, in north end, of 8 rooms, large cellar, cemented, grates, electric lights, furnace heat, strictly up-to-date. Price, $5,000. Wants to exchange for nice little home of about 5 rooms in south end.

7 room house, north end, water inside, set to fruit and shrubbery, lot 50x150; $1,800 to non-resident. Must sell quick, $1,000 down; balance easy. Price $1,700.

Equity in 5 room modern house, located on Tejon St., lot 45x150; rents for $18 per month. Will trade for teams or anything of Value.

Money to loan on city property.

Houses and rooms to rent.

SOUTH END REALTY CO.,
701 South Tejon Street.

$4,100—new 6 room fully modern house, new 4 room fully modern cottage, except furnace, lot full size, 50x150, 2 blocks from college, everything new, and first-class. Rentals $35 per month.

$3,200—New 5 room fully modern house, just completed, never been occupied, south front, ¼ block from Tejon St. car line, north end, best residence portion of city.

BUSINESS PROPERTIES.

A number of them in heart of town, netting from 6 to 10 per cent. on the investment. It will pay you to consult me if you want anything in that line.

W. W. WILLIAMSON,
Tel. 476-A. 25½ North Tejon St.

OFFERED FOR SALE.

5 rooms, modern, close to two car lines, north. Lot 50x50, on alley, $2,100.

6 rooms, new, electric lights, etc. Lot 47x125, East, $1,850.

8 rooms, hot and cold water. Lot 52x177, west, ornamental iron fence, lawn, etc., $2,200.

11 rooms, modern, finest corner, north, 100x190, fine lawn, etc., $13,500.

Good lots on all kinds of terms.

BY J. H. THEDINGA & CO.,
Real Estate, Loans and Insurance.
28½ N. Tejon St.

CELEBRATE, YES, CEEBRATE!

The Quarto-centennial by investing in Colorado Springs real estate and grow with the city, for grow it will, as sure as old Pike's Peak continues to exist.

Quit paying high rent and buy yourself a home of your own, even though you may be obliged to go in debt for it. Debt, which should cause greater activity and deprivations has been the making of many a man. Try it, and be convinced. I have houses and lots of almost all sizes, prices, terms and locations. Should you decide to celebrate as per ad., be kind enough to come to me for prices, terms and locations. Yours for business,

BERT WEBB,
Room 11, 124½ E. Pike's Peak.

FOR SALE—REAL ESTATE.

FOR SALE—THREE BARGAIN COUNTER SNAPS.

A pretty, new, modern, except furnace, 5 room cottage on the west side, with a south front lawn, lot 50x150 feet, and only a short block from Colorado avenue. We thought it cheap when we quoted it at $1,850, but it is going to be sold for $1,775, or at a reduction of $175. Very easy terms. You saw a large picture of it in the Gazette.

Another west side cottage that is a bargain. It has 5 rooms, modern, except furnace, with plenty of closets and is conveniently arranged and nicely finished throughout. (You can buy the furniture, just as it stands, at one-half its value, if you want it.) There is a large porch, lawn, nice fence, lot 50x150 feet. Just off Colorado Ave. Price, $2,250. Easy payments.

A cottage on North Walnut street, just finished, 5 rooms, lot 40x120 feet. Price, $1,500, or an even $100 less than actual cost, and $200 down secures it. Balance easy monthly payments.

We have houses for sale and to rent in all parts of the city and at all prices and all cheap for the price. We also have some rare bargains in fruit lands on easy terms.

If you are looking for a home we can save you enough on the purchase to pay for the furniture. If you want to borrow money, don't forget us. If you want to lend money, come and see us. If you want to rent a house, we have what you are looking for. If you have a house to rent, we will find you a tenant. If you don't want anything come up and tell us or we'll know the reason why.

STOTE BROS.,
Room 16 De Graff Blk. Phone 722-A.

P. S.—See this morning's Telegraph.

ABOUT RANCHES.

We know something about ranches in this county and state and can show you a large list.

HERE IS ONE OF THEM.

1,000 acres of deeded land, with 1,500 acres of leased land from state and 100,000 acres of outside range. It has a good three-roomed house. Barn with loft and stalls for six horses. Corrals, chicken coops, milk house, and machine house. Wind mill and stock tanks.

This is worth more, but we can sell it for $4,000.

LEGAL NOTICES

TO THE STOCKHOLDERS

Of The Colorado-Philadelphia Reduction Company of Colorado.

Pursuant to resolution of your board of directors, notice is hereby given that a special meeting of the stockholders of The Colorado-Philadelphia Reduction company is called for and will be held on Monday, August 5, 1901, at ten (10) o'clock in the forenoon, of that day, at the company's office, room 11 El Paso Bank building, Colorado Springs, Colorado, for the purpose of considering and acting upon a report from the board of directors of the action taken by the board and officers, respectively, of your company in and about the sale and conveyance of the plant of your company to the United States Reduction and Refining company of New Jersey, and the distribution made or to be made of the proceeds thereof, and in proper case of approving said report and ratifying and confirming all action so taken or to be taken.

By order of the board.

Spencer Penrose, Secretary.

Dated Colorado Springs, July 2, 1901.

First publication, July 24, 1901.

Last publication, August 4, 1901.

ANNUAL MEETING.

Notice is hereby given that the annual meeting of the stockholders of The Consolidated Verde Mining and Milling Company will be held at the office of the company, in Colorado Springs, Colo., on the 26th day of August, 1901, at 3 o'clock in the afternoon, to elect a board of seven directors, and to transact any other business that may legally come before the meeting.

The books of the company for the transfer of stock will close on the 20th day of August, 1901, and reopen on the 1st day of September, 1901.

O. C. Tompkins, Secretary.

WEATHER FORECAST.

Washington, July 29.—Forecast for Colorado: Local thunder storms and cooler Tuesday. Wednesday fair and warmer; variable winds.

Satisfied people wear Ashby's spectacles.

Trunks repaired. Wise, 14 Pike's Peak.

Piano moving a specialty. The Colorado Springs Transfer Co., 12 Pike's Peak.

Dust-proof rooms for storage. Furniture packed. Padded moving vans. Wandell & Lowe, 112 Pike's Peak.

They Have Money.

The Colorado Investment & Realty Co., P. O. Block, has $50,000 to loan on real estate, lowest rates.

LIEN FILED. The Houston Lumber company filed a lien yesterday in the office of the county clerk against A. J. Smith for an alleged debt of $565 for material furnished in the construction of three houses.

HAD HAND HURT.—Mr. Arthur Millward, meat cutter at Murray Bros., met with a painful accident yesterday afternoon. He had the ends of three fingers cut off in a machine. Dr. Herndon dressed the wound and Mr. Millward is getting along nicely.

STARS AND STRIPES MEET.—The children who are taking part in the living flag are asked to meet in front of the High school at 2 o'clock this afternoon. More large girls are needed, and it is urged that all who can assist in making it a success.

WOODMEN SPECIAL. The Woodmen lodge have arranged with the Atchison, Topeka and Santa Fe for a special train to Pueblo on August 8, which will leave the Santa Fe depot at 1 p. m. of that date and return same night. Special rate of $1.25 will be made for benefit of the public.

WARRANTY DEEDS. The following warranty deeds were filed for record yesterday in the county clerk's office: C. P. Grosvenor to Jessie F. Lucraft, $4,000, part of lots 7 and 8, block K, Edwards addition; M. E. Tillitson to W. J. Marvin, $1,100, part of lot 4, block 1, Manitou; Phillip Strubel to Mary Eiger, $500, lot 13, Strubel's addition; Albinus J. Sheldon to Isaac Kissell, $1,000, lot at Eleventh street and Colorado avenue.

SILVER BAR.—The Silver Bar Copper Mining company yesterday paid its regular monthly dividend of 2 cents per share. The resident members of the company, which is a close corporation, are feeling jubilant, not only over the dividend but for encouraging reports from their largest workings, and also for recent rains in that part of New Mexico giving them sufficient water to run on full time. The president and secretary of the company will go to Denver today for more improved machinery.

TEMPERANCE SERMONS. Dr. C. J. Hall, one of the pastors of the People's tabernacle, Denver, preached three temperance sermons on Sunday, under the auspices of the Prohibition league. His subject in the morning service at the People's mission was "The Bible for Prohibition." At 4 o'clock in the afternoon, an audience numbering 400 or 500 listened in the North park to the address on "Patriotism," and in the evening at the Christian church the subject was, "Christ in the City," from Luke 19:41, 42.

SOFTNESS OF SEALSKIN

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness, and yet the human hair is equally as soft and glossy when healthy, and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide.

WILD FLOWER EXCURSION.
$1.50 AUGUST 1—$1.50.

This excursion train, which consists of fine coaches, observation cars and lunch car, goes through 120 miles of the grandest scenery in the state, passing through Eleven-mile canon and crossing the Platte river 12 times and going into the famous South Park.

The train stops at all points of interest from 10 to 30 minutes, giving the passengers plenty of time to gather the wild flowers and fossils, of which the latter make the very finest souvenirs. The Colorado Midland is the only line from which you are able to see the Snowy Range.

August 1 train leaves Santa Fe station at 8:15 a. m., returning at 5:30 p. m. Colorado Midland Ry., No. 13 North Tejon street.

$2.50—ROUND TRIP—$2.50.
CRIPPLE CREEK EXCURSION.
Via THE SHORT LINE, TUESDAY, July 30.

Good on trains leaving D. & R. G. station 2:50 a. m., 8:00 a. m. and 1:55 p. m., Tuesday, July 30. Tickets good returning on all trains same date. $2.50 round trip.

The Most Wonderful Gem Found in Our Mountains

THE ZIRCON
or Jargoon

sometimes mistaken for a yellow diamond on account of its exceeding brilliancy. It has a large range of color owing to its high dispersive power, and exhibits more "fire" than any other known gem, excepting the diamond. Its weight exceeds that of the diamond.

We have these beautiful gems in a variety of sizes, cuts and colors, and shall be pleased to quote you prices.

About Your Coffee

Are you "cranky" about its quality—want it just right in strength and blended just right for flavor and aroma? If you are that kind of a coffee-drinker you're just the person we want to see, for we can suit you better in Coffee than you have ever been suited—and the price won't be a bit more than you have been paying either. Come in and see us—we're "Coffee-cranks," ourselves.

BURGESS'S
112 N. Tejon.

Toilet Articles

are important too. You'd sooner have these pure preparations and high grade articles at the same price as poorer ones, wouldn't you.

Brushes, for instance good tooth brushes, good hair brushes, good flesh brushes, good every kind of brushes with even bristles that won't pull out.

DRY CLIMATE CREAM

is pure. We know because we make it. Compounded particularly for use in this trying atmosphere.

F. L. GUTMANN,
PURE DRUGS.

Remember we
Sell no Liquors.
